BACKGROUND: Public Works reviewed streets throughout the city and identified Gale Avenue between University Street and Sheridan Road as a candidate for mill and overlay. Mill and overlay means that the existing asphalt pavement will be removed and new asphalt pavement will be placed. Gale Ave is a school bus route with a PCI between 62 and 65. In addition to the improved pavement condition, the sidewalk ramps at the intersections will be updated to meet ADA guidelines. This includes improving the intersection of Gale/Broadway/Nebraska where crosswalks have been striped, but ramp improvements had not been previously completed.

The plans and specifications were prepared by Hermann & Associates, LLC. The Advertisement for Bids for this project was published in the Peoria Journal Star and on the City's website. Public Works opened Bids on March 2, 2023, with 1 bid received.
