State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed I'm extremely interested in downtown projects as it relates to turning Peoria into a city that offers an abundance of activities. I recognize the importance of keeping professionals in the city and feel we need to offer more to retain that talent. I hope to help in the strategic vision of downtown by discussing ideas and working to implement them.

Would your service on a city commission be a conflict of interest for you?; No
