Community Volunteer Experience

Little to none. I have spent the majority of my life with education and work and would love the opportunity to finally give back to the community.

Have you previously served on a city commission:
* No

Professional and Employment Background

I have a license to practice law in Illinois and a license to practice before the United States Patent and Trademark Office.

I have been employed in numerous positions including secretarial work,

data entry, computer repair, fundamental physics research, and I am currently an Assistant Attorney General for the State of Illinois workers' compensation bureau.

Educational Background

Bachelors degree in physics from Bradley University. Juris Doctor from Northern Illinois University.

State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed
I have a diverse educational and professional background that has allowed me to bring unique insight into every career I have had. For example, in my current job as an AAG I have used my scientific background to create new defenses to carpal tunnel claims.

Should I be appointed I would use my strong educational foundation to create an efficient and reliable Commission. The key of any Commission is to be as efficient and reliable as possible in order to reduce the number of conflicts and create a uniform framework.

Would your service on a city commission be a conflict of interest for you?;

* No
