Professional and Employment Background

Educational Background

Undergrad from DePaul, Graduate in progress

State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed I am passionate about community transportation whether public transit, walking, or taxi's. I spent 8 years without a car living downtown Chicago and have utilized public transit around the world. While in undergrad, I did a project on the X crosswalks like the one at Bradley and have led usability projects for public transit technology solutions. I am also an avid walker and am well-versed in navigating Peoria without a vehicle. I hope to create a safer atmosphere for walkers in Peoria, many intersections are incredibly unsafe due to lack of visibility and lack of educated drivers.

Would your service on a city commission be a conflict of interest for you?; No
