NOW, THEREFORE, in consideration of the above and the mutual covenants and agreements herein contained, **IT IS HEREBY AGREED** as follows:

1. **Authoritative Law; Enactment of Resolutions/Ordinances.** This Agreement is made pursuant to the provisions of 65 ILCS 5/11-15.1-1, et seq.; and the Property as described above shall upon the establishment of contiguity between the boundaries of the City and the boundaries of the Property be annexed pursuant to the Petition and pursuant to the procedure for annexation as set forth in 65 ILCS 5/11-15.1-1, et seq. and pursuant to the terms of this Agreement. The Corporate Authorities, upon execution of this Agreement by the Owners and the City shall, unless previously so provided, enact (without further hearing) ordinances annexing the Property to the City, subject to and consistent with any and all terms and provisions of this Agreement.

2 **Zoning/Applicable Ordinances and Regulations.**

A. Applicable Ordinances. The Owners shall at all times during the terms of this Agreement proceed with the use and further development of four(4) tracts all exceeding ten (10) acres as depicted in the Subdivision Plat attached hereto as Exhibit A and in accordance with all terms and conditions of the zoning and subdivision ordinances of the County of Peoria and other ordinances and regulations of the County of Peoria (as are in effect on the date of the execution of this Agreement, as the same may be modified pursuant to the terms of this Agreement), until such time as the Property is ultimately annexed to the City, at which time of annexation of the Property, the Property shall thereupon become subject to the terms and conditions of those zoning and subdivision ordinances of the City and other ordinances and regulations of the City as are then in effect as of the date of such future annexation). With respect to the latter, the City agrees that no amendment to the ordinances or regulations of the County of Peoria or the City as may hereafter be enacted by either the County of Peoria or the City shall be applied to be more restrictive to the Property or to the Owners' ability to use and improve the Property in accordance with the terms hereof. Nothing contained herein, however, shall be construed to require or obligate the Owners to commence and proceed with any development of the Property other than such improvement and development as the Owners may in their discretion and determination decide to make and for which they intend to provide.

B. Zoning of Property. The City acknowledges and recognizes that the Property is currently zoned in a classifications of Residential Rural and Agricultural² under

the laws and ordinances of the County of Peoria. The Property shall continue to be able to be used for any and all uses and improvements as may be currently permitted and provided for any property within the County of Peoria within and covered by such classification of Agricultural. In addition, and notwithstanding the fact that under such zoning classification of the County of Peoria that the Property may not be so used, the following additional uses shall be permitted and capable of being continued or established: i) single family residential; and ii) agricultural. Further, in addition, the City agrees to approve the division of four (4) tracts, all exceeding ten (10) acres as depicted in Subdivision Plat attached hereto as Exhibit A. Hunting privileges allowed under County ordinance shall continue and not be further regulated by the City, until such time the property is annexed to the City. Ultimately, upon the potential future annexation of the Property to the City, the Property shall be classified in a zoning classification of A-1. The foregoing specified zoning classifications to which the Property shall be zoned upon the completion of annexation are and include those provisions as are applicable to such classifications as of the date of this Agreement. To the extent that zoning classifications no longer exist upon the future annexation of the Property, those that zoning classification or those zoning classifications (together with any required special use permits as may be required therefor) shall be given and provided for the Property. In addition to the foregoing, the Owners and any successors in interest shall, both before and after the formal annexation of the Property, be able to use the Property for any use for which the Property is currently being used, and such use shall be as a permitted use as opposed to being a nonconforming (or so called "grandfathered") use.

3. **Private Covenants, Easements, and Restrictions.** In connection with the use and further improvements to the Property, the City recognizes that the use and the addition of improvements to the Property (as well as any portion thereof) may also be further limited, restricted or benefitted in other ways or by agreements (e.g. private restrictive covenants, easements with utility companies, and other third parties, etc.). This Agreement shall not in any way supersede, alter, or prohibit such agreements; and the restrictions, obligations and privileges as may exist by reason thereof shall apply unless otherwise specifically inconsistent with the terms hereof. Similarly, any such other agreements or arrangements shall not entitle the City to enforce the provisions thereof (or provide to the City any third party beneficiary benefits/arrangements thereunder) unless such agreements or other arrangements specifically provide or bestow such rights and benefits to the City under the terms thereof.

The parties acknowledge and recognize that certain utility services (e.g. sanitary sewer and public water) are not currently furnished to and for the Property and that such services for the Property shall be permitted and provided by owners of the property and through private means, improvements and equipment primarily upon the Property itself. To the extent that such utility services may become available for the use and benefit of the Property, the City agrees to cooperate with and assist the Owners from time to time of the Property in obtaining the availability for and access to such services; provided, however, that such obligation to cooperate and assist shall not obligate or require the City to pay for any expenses or costs in connection with the construction/installation of any such facility, unless otherwise specifically required under this Agreement. Any further subdivision of the property into more than four (4) lots will require connection to public sanitary sewer system. Any new public or private roads constructed on the property must meet City of Peoria requirements. The City agrees that the Property may be served solely by such private means as long as the use, maintenance and equipment therefor are in compliance with applicable laws relating to the health and safety of their operation and the property is not further subdivided into more than four (4) lots.

4. **Miscellaneous/General.**

A. Existing Uses. Notwithstanding the zoning classifications or other permits and approvals to be established or issued for the Property pursuant to this Agreement and notwithstanding any other provisions herein to the contrary, the present use of the Property shall be permitted to continue.

B. Enabling Actions/Agreement Paramount. The City does hereby expressly represent, warrant and agree that it has taken and/or will take such actions as may be required to enable the City to carry out the covenants, agreements, duties and other obligations created and imposed by the terms and conditions hereof and to enable the Property and each portion thereof to be used and improved for the uses and purposes described and permitted herein and to enable the Property to avail itself of the benefits therefor provided hereunder. The provisions of this Agreement shall control over the provisions of any ordinances, codes or regulations of the City which are in conflict with the provisions of this Agreement. Where an area of improvement or a specific improvement requirement is addressed/included herein with respect to the Property, the City shall not impose additional or more restrictive requirements in connection therewith as a condition of any special use, Development Review Board approval or otherwise.

C. Time of the Essence. Time shall be of the essence of each and every covenant and condition contained herein.

D. Less Restrictive Laws. Notwithstanding the other provisions contained herein, if any ordinance, code or regulation of the City is hereafter adopted, amended or interpreted so as to be less restrictive upon the Property or upon the Owners or any of their successors with respect to the use or improvement of the Property than is the case under existing law, then at the option of the then owner(s) of the property affected thereby, such less restrictive adoption, amendment or interpretation shall control.

E. Reasonability/Good Faith. Whenever any approval or consent of the City or any of its departments, officials or employees, is called for under this Agreement, such approval shall not be unreasonably withheld or delayed. In the course of the conduct of the parties hereto with respect to each other in the performance of this Agreement, each party agrees that the actions of such party shall be conducted reasonably, in good faith and with due diligence and best efforts.

F. Succession. This Agreement shall inure to the benefit of and be binding upon the successors of the Owners, and their respective successors, grantees, lessees, and assigns, and upon any successor corporate authorities of the City; and shall constitute a covenant running with the land. If the Property (or any portion thereof) is sold, the grantor shall be deemed to have assigned to the grantee any and all rights and obligations it may have under this Agreement which affect the portion of the Property sold or conveyed; the grantee thereof shall be deemed to have, by its acceptance of the conveyance thereof or such portion thereof, all of the rights and obligations under this Agreement, and thereafter the grantor of such grantee shall have no further obligations under this Agreement as it relates to the Property (or applicable portion thereof) as may have been conveyed.

G. Term of Agreement. This Agreement shall be binding upon the parties and their respective successors and assigns for twenty (20) years, commencing as of the date hereof, and for such further term as may hereafter be authorized by statute and by City ordinance. If any of the terms of this Agreement, or any future annexation or zoning of the Property as permitted and provided herein, is challenged in any court proceeding, then to the extent permitted by law, the period of time during which such litigation is pending shall not be included in calculating said twenty (20) years period. In the event that the Property is not annexed to the City prior to the expiration of the term of this Agreement (e.g. contiguity of the City with the Property is not established within such twenty (20) year period, then any obligations set forth herein with respect to the required annexation of the Property shall not apply, unless otherwise mutually agreed by the parties, the respective rights and obligations of the parties shall apply as though this Agreement were never executed.

H. Severability. If any provisions of this Agreement or any section, sentence, clause, phrase or word, or the application thereof in any circumstances, is held invalid, the validity of the remainder of this Agreement and the application of any such provision, section, sentence, clause, phrase or word in any other circumstances shall not be affected thereby. If for any reason the annexation or a change of zoning of the Annexing Property as required hereby is ruled invalid, in whole or in part, the Corporate Authorities, as soon as possible, shall take such actions (including the holding of such public hearings and the adoption of such ordinances and resolutions) as may be necessary to give effect to the intent of this Agreement.

I. Mutual Assistance. Each of the parties agrees to mutually assist and cooperate with the other in effectuating the spirit and intent hereof, and in that regard, each party agrees to execute any and all documentation and take any and all actions as may be reasonably appropriate or required in connection therewith.

J. Applicable Law; Venue; Enforcement. This Agreement and the rights of the parties hereto shall be interpreted, construed and enforced in accordance with the laws of the State of Illinois.
