State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed. Each city resident should strive to be a good civil servant. For those that have the ability and the time, he or she should strive to be a great civil servant. In my family's eight years in Peoria, I have come to love this community passionately. Through my time on the CEO Council, I had the pleasure of working closely with several members of the City staff and most members of the City Council. It gives me great honor and excitement at the thought that I may have the opportunity to work with our City's leaders through an appointment on a City Commission.

Would your service on a city commission be a conflict of interest for you?; No
