I am a Professional Engineer with Dewberry here in Peoria. I am the Civil Engineering Department Manager. I have been working as a civil engineer in Peoria since 1994.

#### Educational Background

I received a BS degree in Engineering from Iowa State University in 1992.

State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed I have over 25 years of civil engineering knowledge that I feel would benefit the Transportation Commission. I would hope to provide feedback to the commission as a citizen and professional knowledge to the commission as a professional engineer.

Would your service on a city commission be a conflict of interest for you?; No
