* Charged if the vehicle is not towed to our impound lot...this is the mileage from the drop off location back to our Bloomington, Creve Coeur or Peoria locations (whichever is closest)

**Environmental clean up and oil dry are charged incrementally. For basic use, the base fee is charged. If there is a large amount of debris, or it is spread across a wide area, then they could be charged x2 or x3. Anything our driver wants to charge more than x3, it has to be approved by management.

***Late release fee is charged for any release of a vehicle or personal property outside of office hours. Office hours are 8am-5pm Mon-Fri, excluding holidays.
