

Public Services Matrix Code Definitions

Matrix codes are used to indicate—but do not establish—activity eligibility. Below is the list of possible matrix codes provided by HUD for public service activities. The Human Resources Commission recommends priorities based on these categories to the City Council in order have a narrow focus of the types of services provided through the City’s Public Service program.

Code	Definition
05A	Senior Services Services for the elderly. 05A may be used for an activity that serves both the elderly and the handicapped provided it is not intended primarily to serve persons with handicaps. If it is, use 05B instead.
05B	Services for Persons with Disabilities Services for persons with disabilities, regardless of age.
05C	Legal Services Services providing legal aid to low- and moderate-income (LMI) persons. If the only legal service provided is for the settlement of tenant/landlord disputes, use 05K.

Also use 05D for counseling programs that target teens but include counseling for the family as well. For services for children age 12 and under, use 05L; for services for abused and neglected children, use 05N.
05E	Transportation Services - General transportation services Transportation services for a specific client group should use the matrix code for that client group. For example, use 05A for transportation services for the elderly.
05F	Substance Abuse Services Substance abuse recovery programs and substance abuse prevention/education activities.
