Community Volunteer Experience

Hello! I'm from Peoria, graduated from Richwoods and Bradley. I've always been very involved on campus and in my community. I've organized events with the health department, various community entities, and held a very strong presence on campus. I was involved with several campus organizations, including student senate, a few boards, and the NAACP. After graduating, I moved to California for a few years and started a business. Now, I'm back and eager to get involved with the city. Any committee is fine.

Have you previously served on a city commission:

No

If yes, please list which commission and the date of service

Professional and Employment Background

I've been consistently and successfully modeling for the past four years. I've been featured in national campaigns as well as boutiques in the LA area. At the same time, my husband and I started a social media company. We now handle social media marketing campaigns for celebrities and small businesses.

Educational Background

I graduated from the IB program at Richwoods and from Bradley with a B.S. in Psychology.

State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed I love this city, and would enjoy and maximize any opportunity to make it better or more enjoyable. I think the progress the city's been making is awesome, and I'd love to be a part of its continued growth.

Would your service on a city commission be a conflict of interest for you?; No
