State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed Upon recommendation from Shandra Bond and out of a personal desire to serve the city, I would like to be considered to serve on the Human Resources Commission. My desire is to learn more about our community, its needs and to help foster the stewardship of our city's resources.

I believe that our greatest successes come from helping those around us succeed. I see this committee as a way to further live that out. It would be an honor to serve as a volunteer for one of the city commission boards. Thank you for your consideration!

Would your service on a city commission be a conflict of interest for you?; No
