WHEREAS, said Planning and Zoning Commission held a public hearing on February 5, 2015, with respect to said petition, which hearing was held pursuant to a notice of the time and place thereof in a newspaper of general circulation in the City of Peoria, not less than fifteen (15) days nor more than thirty (30) days prior to said hearing as required by law; and

WHEREAS, said Planning and Zoning Commission has submitted its report of said public hearing and the City Council finds the proposed text amendment to be consistent with the goals of the Comprehensive Plan and City Council;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PEORIA, ILLINOIS:

Section 1. Appendix C, the Land Development Code of the City of Peoria, is hereby amended by deleting the following stricken words, and adding the following underlined words:

• **3.21. - Murals.**

3.21.a. Purpose. The purpose of this ordinance is to permit and encourage art murals on a content-neutral basis on certain terms and conditions. It is not the intent of this ordinance to deny or restrict material protected by the First Amendment. Art murals comprise a unique medium of expression which serves the public interest. Art murals have purposes distinct from signs and confer different benefits. Such purposes and benefits include: improved aesthetics; avenues for original artistic expression; public access to original works of art; community participation in the creation of original works of art; community building through the presence of and identification with original works of art; and a reduction in the incidence of graffiti and other crime. Murals can increase community identity and foster a sense of place and enclosure if they are located at heights and scales visible to pedestrians, are retained for longer periods of time and include a neighborhood process for discussion. This Ordinance is also written with the intent to allow murals on historic property in a way that will not diminish the historic or character-defining features of the property.

APPENDIX B

- (b) Size: Murals may not overpower the historic building; and shall defer to historic painted signs.
- (c) Attachment method: Unpainted masonry walls shall remain unpainted, on all elevations. Murals shall be attached to the building through masonry joints; this is considered the least damaging, and fully reversible approach.

expiration date. If an inspection approval has not been granted within this extended time period, the permit is void. A permit may be extended only once under the standards of this subparagraph.

(2) *Maintenance.* Building owners are responsible for ensuring that a permitted mural is maintained in good condition and is repaired in the case of vandalism or accidental destruction. Muralists and building owners are encouraged to consider protective clear top coatings, cleanable surfaces, and/or other measures that will discourage vandalism or facilitate easier and cheaper repair of the mural if needed.

(3) *Alterations.* Alterations to the mural area allowed, but must be approved by obtaining a new permit through the process described in Section 3.21.d.

(4) *Removal of materials associated with the mural.* Any associated materials that were used to affix or secure the mural to the wall must be removed at the time of the removal of the mural. This includes, but is not limited to mounting hardware or brackets, caulk or grout, and adhesives or glues. Murals on or within historic or conservation landmarks or districts shall be removed within 30-days of direction from the City if found to diminish the historic integrity of the landmark or district.
