*State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed I currently serve as senior pastor over three congregation in underprivileged communities. One of those congregations is Mt. Sinai SDA Church. I have worked with our churches to created programs and facilitated events that*

*help reshape people's lives, educate them, meet their needs, and create opportunities to connect with one another. I am an advocate for peace, education, the uplifting of human life and the importance of community engagement. I believe in the importance of law enforcement as well the safety and vibrancy of our communities. However, there is often issues, perceptions, and realities that can threaten to sever that relationship. If considered for this opportunity to serve, I hope that together we can foster a working relationship between law enforcement and the communities they serve and foster a more productive and meaningful dynamic between the two. I believe that we can solve issue of crime as well as build trust. Furthermore, I believe that we can address issues of implicit bias and training that can result in the saving of human life while upholding standards of accountability between the police and the communities they serve.*
