City of Peoria Agreement of Understanding

Ms. Beth Ball City Clerk 419 Fulton St., Suite 401 Peoria, IL 61602

The Agreement of Understanding between the City of Peoria and the Illinois Department of Transportation was executed on December 12, 2018. Your copy of the executed agreement is attached.

Sincerely, Suyston

Gregory S. Lupton, P.E.

Local Project Implementation Engineer

CC-

Bill Lewis, City Engineer

Kensil Garnett, D4 Attn: Tony Sassine

(CITY OF PEORIA)

AGREEMENT OF UNDERSTANDING FOR MAINTENANCE AND CONSTRUCTION

This agreement, by and between the Department of Transportation, State of Illinois, hereinafter called the **DEPARTMENT**, and **CITY OF PEORIA**, of the State of Illinois, hereinafter called the **MUNICIPALITY**.

WITNESSETH:

WHEREAS, the Illinois Highway Code provides that the DEPARTMENT, upon satisfying itself that the MUNICIPALITY is adequately organized, staffed, equipped and financed to discharge satisfactorily the duties and requirements of 605 ILCS 5/7-203.2, may grant a municipality permission to construct or maintain highways or sections thereof when such projects are financed in whole or in part with any funds received from the State except Federal-aid funds, without approval and supervision of the DEPARTMENT, providing the MUNICIPALITY will enter into an Agreement of Understanding with the DEPARTMENT, and;

WHEREAS the MUNICIPALITY has complied with the requirements of 605 ILCS 5/7-301, and,

WHEREAS, this agreement addresses the approval of Motor Fuel Tax, 80,000 Pound Truck Access Road, Economic Development, and any other road fund projects administered under Motor Fuel Tax policies and procedures, and;

NOW THEREFORE, for and in consideration of the covenants and agreements herein contained, the parties agree as follows:

THE MUNICIPALITY AGREES:

- That it will maintain an adequate, fully staffed organization to the level this Agreement
 of Understanding was executed and will keep the DEPARTMENT currently advised of
 the organization and key staffing;
- 2. That it will affect a coordinated 12 month or 24 month construction and maintenance program in accordance with the intent of the law;
- That it will follow the procedure set forth in 605 ILCS 5/7-203 of the Illinois Highway
 Code for the construction and maintenance of any highway;
- 4. That it will supply the **DEPARTMENT**, for record purposes, documentation listed on Attachment A within the timeframe shown, or upon the request of the **DEPARTMENT**;
- 5. To obtain the **DEPARTMENT'S** approval of all bridge condition reports, preliminary bridge design and hydraulic reports, plans and specifications for all bridges and culverts required by policy contained in Chapter 10 of the Bureau of Local Roads and Streets Manual;
- To provide Form BLR 10220 asbestos certification, on bridge projects and requesting load ratings from the **DEPARTMENT** for resurfacing, of structures greater than 20 feet long measured along the centerline of the roadway;
- 7. To obtain all necessary permits and environmental/cultural clearances in accordance with the Bureau of Local Roads and Streets Manual and other Department policy before advertising a project for letting or performing the project with its own forces;
- 8. That plans for highway construction and maintenance work will be designed in accordance with the latest edition of the Bureau of Local Roads and Streets Manual and design policies adopted by the DEPARTMENT. Modifications and design deviations proposed by the MUNICIPALITY must be approved using procedures outlined in Chapter 10 of said Manual;
- 9. That plans and specifications for maintenance or construction will be prepared as applicable by a licensed professional/structural engineer or under his or her direct supervision. Plans shall bear the engineer's professional/structural seal as applicable;

- 10. To obtain the **DEPARTMENT'S** approval of plans and specifications for improvement of State highways and appurtenances thereto prior to advertising for bids;
- 11. To obtain the **DEPARTMENT'S** approval of all connections to the State Highway System;
- 12. That all right-of-way will be secured prior to advertising a project for letting, unless prior approval by the **DEPARTMENT** has been secured;
- 13. To advertise for bids and let contracts for maintenance or construction to the lowest responsible bidder in accordance with **DEPARTMENT** policy, or with the concurrence of the **DEPARTMENT**, do the work itself through its officers, agents and employees;
- 14. That it will perform or cause to be performed all construction and material inspections required on its construction and maintenance projects using the Project Procedures Guide and other procedures acceptable to the **DEPARTMENT**. The **MUNICIPALITY** will document the inspections and make said documentation available to the **DEPARTMENT** at all times;
- 15. That it will provide Material Certification in accordance with the applicable portions of Section 800 of the Project Procedures Guide. The MUNICIPALITY will certify to the Deputy Director of Highways, Region Three Engineer that the required material testing and sampling were done for all materials incorporated in the construction or maintenance work. The MUNICIPALITY with further certify that for all materials, the Method of Acceptance with the appropriate Evidence of Materials Inspection is available for the DEPARTMENT to review. A copy of the Material Certification Letter (Attachment B) will be included with each Engineer's Final Pay Estimate (BLR 13231);
- 16. To withhold final payment to the contractor on construction projects involving State highways and appurtenances until written certification is received that the work has been performed in accordance with the plans and specifications and accepted by the DEPARTMENT. The MUNICIPALITY will notify the DEPARTMENT at least two (2) weeks prior to the final inspection on construction projects involving State highways

- and appurtenances so arrangements can be made for a **DEPARTMENT** representative to attend;
- 17. That it will provide the **DEPARTMENT** with the MFT Maintenance Expenditure

 Statement (BLR 14320) within 3 months from the end of the maintenance period;
- 18. That it will provide the **DEPARTMENT** with the Final Report of Improvement

 Constructed Under the Illinois Highway Code (BLR 13510) for project close-out, within one (1) year after the completion of the work;
- 19. That it will make all records available to personnel of the **DEPARTMENT** for review and/or audit for a minimum of three (3) years after project close-out and **DEPARTMENT** audit;
- 20. That it will submit an annual report to the **DEPARTMENT** by February 1 of each year, listing the projects undertaken, a description and limits of each project, the status of the projects, the amount and type of funds expended, and a map showing the locations of the various projects for the previous calendar year;
- 21. That use of Motor Fuel Tax funds other than specified in this agreement will require approval by the **DEPARTMENT**.

THE DEPARTMENT AGREES:

- That it reserves the right to request information on any Motor Fuel Tax or General
 Maintenance project for review and inspection:
- 2. That in view of the foregoing covenants, its approval and supervision of any activities related to construction and maintenance projects and expenditures funded by Motor Fuel Tax and/or any other road funds received from the State and administered under Motor Fuel Tax policies and procedures will not be required except as hereinabove specified;
- 3. That it will provide off-site material inspections and testing at sources normally visited by state inspectors. The **DEPARTMENT** may perform certain construction and material inspections as agreed to by the **DEPARTMENT'S** Region Three, District Four

Office and the **MUNICIPALITY**. If **DEPARTMENT** personnel are not available to perform these material inspections, the **MUNICIPALITY** will be responsible for providing the required inspection and documentation.

IT IS MUTUALLY AGREED:

- That executed joint agreements between the MUNICIPALITY and DEPARTMENT will be required for all projects being funded with one or more of the following state funds;
 - A. 80,000 Pound Truck Access Road Funds.
 - B. Economic Development Funds.
 - C. Any other state funded programs being administrated under Motor Fuel Tax policies and procedures.
- That the provisions of this agreement shall not apply to any federally-funded projects and/or state funded projects not administered under Motor Fuel Tax policies and procedures;
- The **DEPARTMENT** may make periodic inspections of the jobsite and project file
 documentation, if it deems necessary, to satisfy itself that the work is being done in
 compliance with the plans, specifications and departmental procedures;
- 4. This agreement shall remain in full force and effect unless terminated by either party upon 30 days written notification, or when the undersigned municipal engineer terminates employment under such title/position with the **MUNICIPALITY**.

Executed by the MUNICIPALITY this	30 to day of <u>August</u> , 2018.
BILL LEWIS, P.E. Municipal Engineer	JAMES E. ARDIS Mayor

ATTACHMENT A

MUNICIPAL AGREEMENT OF UNDERSTANDING FOR MAINTENANCE AND CONSTRUCTION SEQUENCE OF SUBMITTALS

I. Maintenance (One Each)

- A. Municipal Estimate of Maintenance Cost (BLR 14231)
 - Resolution for Maintenance of Streets and Highways by Municipality (BLR 14230)
 - Computer Data for Contractors Bulletin (BLR 12310)

Note: All three documents must be received one (1) week prior to advertisement. Motor Fuel Tax funds will be authorized upon the Municipality's request, based on these estimates, including engineering.

- B. If needed, revised and/or supplemental estimate.
- C. Municipal Maintenance Expenditure Statement (BLR 14310).

Note: Motor Fuel Tax funds will be balanced using the Maintenance Expenditure Statement.

II. Construction (Two Each)

- A. Resolution for Improvement by Municipality Under the Illinois Highway Code (BLR 09111)
 - Computer Data for Contractors Bulletin (BLR 12310)

Note: Both documents must be received prior to authorization.

- B. (Construction) Estimate of Cost (BLR 11510)
 - Contract Plans, Specifications, Contract, and Contract Bond
 - Tabulation of Bids (BLR 12315)

Note: Submit within two weeks after the contract is executed. Authorization of Motor Fuel Tax funds will be based on the signed contract, including engineering.

- C. Reguest for Approval of Change in Plans (BLR 13210)
 - Engineer's Final Pay Estimate (BLR 13231)
 - Commitment List (in accordance with Chapter 10 of the BLRS Manual)
 - Material Certification Letter (Attachment B)
 - Final Report, Notice of Completion and Acceptance of Improvement Constructed Under the Illinois Highway Code (BLR 13510), submitted within one (1) year of final inspection.

III. Annual Report

Annual listing of construction projects for previous calendar year submitted by February 1st of the following year, showing:

- 1. Project limits and description.
- 2. Status of project.
- 3. Amount and type of funds expended.
- 4. Map showing location of all projects.

Department of Public Works

STAFF RESPONSIBILITIES

<u>PATRICK URICH, CITY MANAGER</u>: He is responsible for overseeing the day-to-day activities of the City of Peoria, including the \$169 million budget, 14 departments, and approximately 710 full-time and part-time employees; and instilling the value of excellence in public service within the organizations.

SCOTT REEISE, P.E., DIRECTOR OF PUBLIC WORKS: He is dedicated to improving the quality of the city's infrastructure through management and overseeing the direction and budget for the seven divisions of the Department: Engineering, Streets & Sewers, Stormwater, Facilities, Traffic, Fleet and Administrative. Plans, directs, organizes and administers the operations and staff. He provides leadership and direction to the organization, interprets the goals and policies of the City under the direction of the City Manager. As Director, he has been instrumental in changing the philosophy of Public Works through data-driven programs where the Department is able to develop plans for future sustainability of the community.

BILL LEWIS, P.E., CITY ENGINEER: He is involved with improving development standards, planning for new infrastructure and promoting the maintenance of existing infrastructure. He provides management and direction for the overall operation of the City Engineering Division including technical support and assistance to City government, producing an annual work program, and representing the City to outside agencies, organization and the general public.

NICHOLAS STOFFER, P.E., TRAFFIC ENGINEER: Responsibilities include providing the City with traffic knowledge and supervising the Traffic Division, which includes the Signal Electricians (maintain traffic signals, lights and city electrical), the Sign Shop (manufacture and install street lights), the Pavement marking crew (install roadway pavement markings) and Traffic Engineering (traffic studies, reports and plan review).

ANDREA KLOPFENSTEIN, P.E., STORMWATER ENGINEER: Responsible for all stormwater issues in the City including managing the City's Peoria Corp program, annual drainage assistance program, and the development and implementation of the Storm Water Utility. Also manages the City's contract with Peoria Disposal Company.

EMILY AMBROSO, PUBLIC WORKS RIGHT-OF-WAY MANAGER & PERMIT ENGINEER: Oversees activity in the City designated public right-of-way, permitting, regulation enforcement; reviews plans for private development; responsible for all addressing of residential and commercial buildings; floodplain management (LOMA's, LOMR's, elevation certificate reviews, FEMA/IDNR regulation enforcement); review of community events and permitting of block parties.

JANE GERDES, P.E., CIVIL ENGINEER II: Manages roadway and sewer projects during planning, design, property acquisition, and construction. Also reviews plans for private development. She is the project manager for the City's Combined Sewer Overflow program.

STEPHEN LETSKY, P.E., CIVIL ENGINEER II: Manages roadway, bridge, and safety projects during planning, design, property acquisition, and construction. He is the project manager for the City's Sidewalk and ADA Ramp programs, as well as overseeing Phase I, II, and III engineering services on multiple State and FHWA funded projects.

JAMES CULSHAW, ENGINEERING TECH II AND RIGHT-OF-WAY INSPECTOR: Inspects work by utility companies and contractors working in the Public R-O-W.

<u>LEX SIMMONS, ENGINEERING TECH II AND RIGHT-OF-WAY INSPECTOR</u>: Inspects work by utility companies and contractors working in the Public R-O-W.

<u>JULIE SCHMIDT, P.E., CIVIL ENGINEER (CONTRACT EMPLOYEE)</u>: Serves as a Public Works representative at the City's One Stop Shop, performs plan review for the Site Plan Review Board, reviews construction plans for private development, and reviews and issues Erosion, Sediment and Storm Water Control Permits. She also helps with IDOT reports, invoices and project closeout as assigned.

BRET WETHERILL, TRAFFIC TECHNICIAN: Signs, Striping, Traffic Counts, Speed Studies, Traffic Studies, AutoCad, Accident Reporting, Mapping, Work Orders, Inventories, Special Events, Field calls/complains from Public, meet with the Public and assist the Traffic Engineer with daily operations.
