Council Member Riggerbach stated he generally supported this project and said he participated in many discussions over the years about improving access into Keller Station. With Knoxville being a State route, he said additional feedback and input needed to be considered. He said he removed this item from the Consent Agenda to discuss the financial impact. He specifically detailed the \$18,000.00 which would be fronted by the Kim Group, Ltd. to engage the legal consultant for this project, which may be reimbursed if the business development district was established.

She further stated additional agreements would be initiated once the project was established.

Council Member Jensen said she would reluctantly support this Ordinance provided the issues raised would be considered during future negotiations.

Council Member Cyr questioned whether the money should be provided by the Park District rather than the City since the Park District owned the property, and City Manager Urich stated the City would not be fronting the initial \$18,000.00 to pay the attorneys, noting that money would be paid by the Kim Group.

A revised Council Communication was distributed to all Council Members.

At the City Manager's request, Community Development Director Joe Dulin summarized previous Council conversations regarding short term rental licenses. He specifically addressed the suggestion to restrict the transferability of Special Use if the short term rental property was sold.

Council Member Grayeb emphasized the values of single-family home ownership, neighborhood cohesion, and predictability and expressed concern over the potential of short term rentals destabilizing residential neighborhoods. He expressed a concern which included additional pressures on the Police Department and Code Enforcement as it related to parking enforcement and supervision demands over occupants.

Council Member Grayeb moved to DENY an Ordinance approving a Special Use in a Class R4 (Single Family Residential) District, for a short term rental at 1514 W. Columbia Terrace; seconded by Council Member Jensen.

Council Member Jensen said residents had contacted her regarding their opposition to the Special Use for this property, and she emphasized the need to protect older neighborhoods. At the conclusion of her comments, she stated her intent to vote against this Ordinance.

Council Member Kelly stated his support for this Special Use Ordinance and suggested properties that caused problems could have their Special Use revoked.

Mayor Ali said it was her understanding the Council could establish a policy to allow for short term rentals under certain conditions with close monitoring, and could revoke approvals should there be a violation.
