				Agreement Provisions		
The	Enginee	er Agrees,				
1.	To perfo	orm or be responsible for the dimprovement herein before	ie pei ore de	formance of the following engineer escribed, and checked below:	ing s	ervices for the LA in connection with the
	а. 🗌	Make such detailed surve	ys as	are necessary for the preparation	of de	tailed roadway plans.
	b. 🗌	Make stream and flood pl detailed bridge plans.	ain h	ydraulic surveys and gather high w	ater c	data and flood histories for the preparation o
	c. 🗌	analyses thereof as may	be re	ch soil surveys or subsurface invest quired to furnish sufficient data for t in accordance with the current requ	the de	ons including borings and soil profiles and esign of the proposed improvement. Such ents of the DEPARTMENT.
	d. 🗌	Make or cause to be made furnish sufficient data for	le sud the d	ch traffic studies and counts and sp esign of the proposed improvemen	ecial t.	intersection studies as may be required to

е. 🗌	Prepare Army Corps of Engineers Permit, Division of Water Resources Permit, Bridge waterway sketch and/or Channel Change sketch, Utility plan and locations and Railroad Crossing work agreements.
f. 🗌	Prepare Preliminary Bridge Design and Hydraulic Report, (including economic analysis of bridge or culvert types) and high water effects on roadway overflows and bridge approaches.
NOTE	Four copies to be submitted to the Regional Engineer
g. 🗌	Make complete general and detailed plans, special provisions, proposals and estimates of cost and furnish the LA with five (5) copies of the plans, special provisions, proposals and estimates. Additional copies of any or all documents, if required shall be furnished to the LA by the ENGINEER at his actual cost for reproduction.
h. 🗌	Furnish the LA with survey and drafts in quadruplicate of all necessary right-of-way dedications, construction easements and borrow pit and channel change agreements including prints of the corresponding plats and staking as required.
i. 🗌	Assist the LA in the receipt and evaluation of proposals and the awarding of the construction contract.
j. 🔲	Furnish or cause to be furnished:
	<ul> <li>Proportioning and testing of concrete mixtures in accordance with the "Manual of Instructions for Concrete Proportioning and Testing" issued by the Bureau of Materials and Physical Research, of the DEPARTMENT and promptly submit reports on forms prepared by said Bureau.</li> <li>Proportioning and testing of bituminous mixtures (including extracting test) in accordance with the "Manual of Instructions for Bituminous Proportioning and Testing" issued by the Bureau of Materials and Physical Research, of the DEPARTMENT, and promptly submit reports on forms prepared by said Bureau.</li> </ul>
	(3) All compaction tests as required by the specifications and report promptly the same on forms prepared by the Bureau of Materials and Physical Research.
	(4) Quality and sieve analyses on local aggregates to see that they comply with the specifications contained in the contract.
	(5) Inspection of all materials when inspection is not provided at the sources by the Bureau of Materials and Physical Research, of the DEPARTMENT and submit inspection reports to the LA and the DEPARTMENT in accordance with the policies of the said DEPARTMENT.
k. 🛛	Furnish or cause to be furnished
	<ul> <li>A resident construction supervisor, inspectors, and other technical personnel to perform the following work: (The number of such inspectors and other technical personnel required shall be subject to the approval of the LA.)</li> <li>a. Continuous observation of the work and the contractor's operations for compliance with the plans and specifications as construction proceeds, but the ENGINEER does not guarantee the performance of the contract by the contractor.</li> </ul>

b. Establishment and setting of lines and grades.

- c. Maintain a daily record of the contractor's activities throughout construction including sufficient information to permit verification of the nature and cost of changes in plans and authorized extra work.
- d. Supervision of inspectors, proportioning engineers and other technical personnel and the taking and submitting of material samples.

e. Revision of contract drawings to reflect as built conditions.

f. Preparation and submission to the LA in the required form and number of copies, all partial and final payment estimates, change orders, records and reports required by the LA and the DEPARTMENT.

NOTE: When Federal funds are used for construction and the ENGINEER or the ENGINEER's assigned staff is named as resident construction supervisor, the ENGINEER is required to be prequalified with the STATE in Construction Inspection. The onsite resident construction supervisor and project inspectors shall possess valid Documentation of Contract Quantities certification.

- 2. That all reports, plans, plats and special provisions to be furnished by the ENGINEER pursuant to this agreement will be in accordance with the current standard specifications and policies of the DEPARTMENT, it being understood that all such reports, plats, plans and drafts shall before being finally accepted, be subject to approval by the LA and the said DEPARTMENT.
- 3. To attend conferences at any reasonable time when requested to do so by the LA or representatives of the DEPARTMENT.
- 4. In the event plans, surveys or construction staking are found to be in error during the construction of the PROJECT and revisions of the plans or survey or construction staking corrections are necessary, the ENGINEER agrees that he will perform such work without expense to the LA, even though final payment has been received by him. He shall give immediate attention to these changes so there will be a minimum delay to the contractor.
- 5. The basic survey notes and sketches, charts, computations and other data prepared or obtained by the ENGINEER pursuant to this agreement will be made available upon request to the LA or the DEPARTMENT without cost and without restriction or limitations as to their use.
- 6. To make such changes in working plans, including all necessary preliminary surveys and investigations, as may be required after the award of the construction contract and during the construction of the improvement.
- 7. That all plans and other documents furnished by the ENGINEER pursuant to the AGREEMENT will be endorsed by him and will show his professional seal where such is required by law.
- 8. To submit, upon request by the LA or the DEPARTMENT a list of the personnel and the equipment he/she proposes to use in fulfilling the requirements of this AGREEMENT.

## The LA Agrees,

1.		the Engineer as compensation for all services pe ance with one of the following methods indicated		aphs 1a, 1g, 1i, 2, 3, 5 and 6 ii
	a 🗌 b. 🗌	A sum of money equal to percent of approved by the DEPARTMENT. A sum of money equal to the percentage of the approved by the DEPARTMENT based on the formula of the Schedule for Percentages Based on Awarded Company of the sum	ollowing schedule:	
		Awarded Cost Under \$50,000	Percentage Fees	(see note)  (see note)  %  %  %  %  %  %

Note: Not necessarily a percentage. Could use per diem, cost-plus or lump sum.

2. To pay for services stipulated in paragraphs 1b, 1c, 1d, 1e, 1f, 1h, 1j and 1k of THE ENGINEER AGREES at the hourly rates stipulated below for personnel assigned to this PROJECT as payment in full to the ENGINEER for the actual time spent in providing these services the hourly rates to include profit, overhead, readiness to serve, insurance, social security and retirement deductions. Traveling and other out-of-pocket expenses will be reimbursed to the ENGINEER at his actual cost. Subject to the approval of the LA, the ENGINEER may sublet all or part of the services provided under paragraphs 1b, 1c, 1d, 1e, 1f, 1j and 1k of THE ENGINEER AGREES. If the ENGINEER sublets all or a part of this work, the LA will pay the cost to the ENGINEER plus a five (5) percent service charge. "Cost to ENGINEER" to be verified by furnishing the LA and the DEPARTMENT copies of invoices from the party doing the work. The classifications of the employees used in the work should be consistent with the employee classifications for the services performed. If the personnel of the firm including the Principal Engineer perform routine services that should normally be performed by lesser-salaried personnel, the wage rate billed for such services shall be commensurate with the work performed.

	Grade Classification	II. J. D.4.
	of Employee	Hourly Rate
	Principal Engineer	\$168 - \$196
	Resident Construction Supervisor	\$100 - \$120
	Chief of Party	
	Instrument Man	
	Rodmen	MAO. MOE
	Inspectors	\$40 - \$85
han bey	e hourly rates itemized above shall be effective the date the pands and seals and shall remain in effect until 12/31/2018  yond 12/31/2018 , the hourly rates will be adjusted yearly reases or decreases in the salary structure of the ENGINEER	In event the services of the ENGINEER extend by by addendum to this AGREEMENT to compensate for
3.	That payments due the ENGINEER for services rendered properties after the services have been performed, in accordance in the services have been performed.	ursuant to this AGREEMENT will be made as soon as rdance with the following schedule:
	<ul> <li>a. Upon completion of detailed plans, special provisions, paragraphs 1a through 1g under THE ENGINEER AGE DEPARTMENT, 90 percent of the total fee based on the Upon award of the contract for the improvement by the</li> </ul>	proposals and estimate of cost - being the work required by REES - to the satisfaction of the LA and their approval by the se above fee schedule and the approved estimate of cost.  LA and its approval by the DEPARTMENT, 100 percent of
	the total fee (excluding any fees paragraphs 1j and 1k schedule and the awarded contract cost, less any prev	of the ENGINEER AGREES), based on the above fee ious payment.
	c. Upon completion of the construction of the improvement	nt, 90 percent of the fee due for services stipulated in
		and the DEPARTMENT and acceptance of the improvement te under this AGREEMENT, less any amounts previously
	By mutual agreement, partial payments, not to exceed 90 peas the work progresses.	ercent of the amount earned, may be made from time to time
4.	That should the improvements be abandoned at any time af provided for in paragraphs 1a and 1g, and prior to the comp ENGINEER	ter the ENGINEER has performed any part of the services letion of such services the LA shall reimburse the
5.	That should the LA require changes in any of the detailed pl pursuant to paragraph 4 of THE ENGINEER AGREES) after will pay the ENGINEER for such changes on the basis of and readiness to serve - "actual cost" being defined as in pathis paragraph shall in no way relieve the ENGINEER of his plans.	r they have been approved by the DEPARTMENT, the LA stual cost plus percent to cover profit, overhead aragraph 4 above. It is understood that "changes" as used in
6.	That should the LA extend completion of the improvement be ENGINEER, in addition to the fees provided herein, his actude defined as in paragraph 4 above.	eyond the time limit given in the contract, the LA will pay the real cost incurred beyond such time limit - "actual cost" being
7.	To submit approved forms BC 775 and BC 776 with this AG	REEMENT when federal funds are used for construction.
It is	s Mutually Agreed,	
1.	That any difference between the ENGINEER and the LA con AGREEMENT shall be referred to a committee of disinteres	ncerning the interpretation of the provisions of this ted parties consisting of one member appointed by the

BLR 05512 (Rev. 01/10/12)

1.

ENGINEER one member appointed by the LA and a third member appointed by the two other members for disposition and that the committee's decision shall be final.

- 2. This AGREEMENT may be terminated by the LA upon giving notice in writing to the ENGINEER at his last known post office address. Upon such termination, the ENGINEER shall cause to be delivered to the LA all drawings, specifications, partial and completed estimates and data if any from traffic studies and soil survey and subsurface investigations with the understanding that all such material becomes the property of the LA. The ENGINEER shall be paid for any services completed and any services partially completed in accordance with Section 4 of THE LA AGREES.
- 3. That if the contract for construction has not been awarded one year after the acceptance of the plans by the LA and their approval by the DEPARTMENT, the LA will pay the ENGINEER the balance of the engineering fee due to make 100 percent of the total fees due under the AGREEMENT, based on the estimate of cost as prepared by the ENGINEER and approved by the LA and the DEPARTMENT.
- 4. That the ENGINEER warrants that he/she has not employed or retained any company or person, other than a bona fide employee working solely for the ENGINEER, to solicit or secure this contract and that he/she has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the ENGINEER, any fee, commission, percentage, brokerage fee, gifts or any other consideration contingent upon or resulting from the award or making of this contract. For breach or violation of this warranty the LA shall have the right to annul this contract without liability.

IN WITNESS WHEREOF, the parties have caused this AGREEMENT to be executed in quadruplicate counterparts, each of

which shall be considered as an original by their duly authorized offices.
