State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed
My children are out of the house and I have more time to devote to making my community a better place to live. My wife and I have been Peoria residents for last 20 years. I have a business background and have worked with a number of charitable/civic organizations to improve quality of life in my community. I am flexible as to a commission in which I can help make a difference. I may have situations where I have a conflict of interest.

Would your service on a city commission be a conflict of interest for you?;

Yes
