The below list identifies the current holders of a Conditional Adult Use Dispensing Organization License (“Conditional License”) in the BLS Region in which that Conditional License was issued. This list will be updated as more Conditional Licenses are issued.

Please note that a Conditional License does not authorize the Conditional Licensee to engage in the sale of cannabis until the Conditional Licensee is issued an Adult Use Dispensing Organization pursuant to Section 15-36 of the [Cannabis Regulation and Tax Act](#). See 410 ILCS 705/15-25(f); 410 ILCS 705/15-35 (e); and 410 ILCS 705/15-35.10(e).

If an entity has a “yes” in the 180-day date extension column, this means that its Conditional License expiration date has been extended an additional 180 days. In effect, this means the entity has a total of 360 days from its original issuance date to become operational. If an entity has a “yes” in the column indicating a 15-36 license has been issued, this means that entity has obtained an operational [Adult Use Dispensing Organization license](#). A blank in either of these columns does not mean the entity has been denied.
