Address: 1618 South Laramie

Eligibility

Please provide the following information.

City of Peoria Violence Prevention

City of Peoria
419 Fulton Street
Peoria, IL 61602
309-494-8600

Applications are available to not-for-profits, 501(c)3 organizations, and government agencies to provide violence prevention programs for City of Peoria residents.

Programs must meet the criteria of one of five priority areas: Thriving Neighborhoods, Empowered Youth & Young Adult, Restorative & Resilience, Intervention, or Violence Reduction. For these categories the minimum funding request is \$50,000 and the maximum funding request is \$400,000. All programs must be evidence-based and have measurable results. A total of \$1,200,000 is available for violence prevention with \$700,000 in federal funding from the American Rescue Plan and \$500,000 in state funding from the Illinois Department of Commerce and Economic Opportunity (DCEO).

There is also funding available specifically for Workforce Training. In addition to measuring the number of people served, these programs must also measure how many clients are connected to permanent employment. The minimum request for Workforce Training is \$150,000 and the maximum is \$300,000. A total of \$300,000 is available for Workforce Training in state funding from the Illinois Department of Commerce and Economic Opportunity (DCEO).

Eligible applications will be reviewed by the Community Development Block Grant (CDBG) Public Services Advisory Commission and agencies will be notified of funding decisions following City Council approval.

Questions? Contact grants@peoriagov.org

1. Does your program serve low-income residents of the City of Peoria?

Yes

2 Is your organization (or the lead agency) a not-for-profit, 501(c)3, or government agency?

NOTE: If your organization does not meet this requirement, you may partner with a qualifying "lead agency" that will serve as your fiscal agent.

Yes

3 Does your organization (or the lead agency) have a completed audit for its most recent fiscal year? (This must be a full audit. 990 forms do not meet this requirement.)

NOTE: If your organization does not meet this requirement, you may partner with a qualifying "lead agency" that will serve as your fiscal agent.

Yes

IF YOU ANSWERED 'NO' TO ANY OF THE ABOVE QUESTIONS, YOUR ORGANIZATION DOES NOT QUALIFY FOR VIOLENCE PREVENTION FUNDING.

C. Program Information

Completed by irenesouthsidecc@gmail.com on 5/12/2023 11:08 AM

Case Id: 35435

Name: Southside Community Center - 2023

Address: 1618 South Laramie

C. Program Information

Please provide the following information.

C.1. Provide a brief description of your proposed program and goals. Describe the work to be performed, including the activities to be undertaken or the services to be provided, frequency and duration of services to be received by the average client or participant, and who will be carrying out the activities.

The Pathway of Hope is a Parent Support and Education program that provides families resources and services guided by a Family Care Coordinator to use the power of relationships with our Southside neighbors to reach self-sufficiency and home ownership. There are three phases of the Pathway of Hope: Creating a Safe Space, Enlisting Soldiers on the Pathway of Hope, and Community Development Expansion. This safe space is created through ethical practices, asset-based community development principles, and culturally competent resources that provide parent support, education, and youth leadership and enrichment. Southside Community Center helps each family to realize their value through the VALUES Principle: Vision, Attitude, Leadership, Understanding, Excellence, and Serving. After fostering this safe space FCCs meet with the family and do an Assessment and Service Plan to initiate parent lead case management. SCC embodies a tier-based triage system of care and uses asset-based principles to capture what assets children and their families already have, identify needs based on screenings and desires of the family to set goals and receive support to overcome obstacles. The goal is to walk with them on their path and provide off-ramps out of cycles of generational poverty.

After assessing their strengths and identifying barriers to self-sufficiency together we set goals and celebrate achievements along with receive ongoing support through the many services and connection provided with SCC. With weekly guidance from a Family Care Coordinator and volunteer parent mentors, families access community

C.7. Describe the number of people to be served and the outcomes that will be measured. (Please see program guidelines for example measurable results. Multiple outcome measures must be included.) What is the basis for selecting the outcomes and how do they demonstrate achievement of the overall goals of the project? Describe the evaluation tools that will be used to track/monitor the progress of the activity, how progress will be measured, why these measures were chosen, and how these methods are evaluated. If you are expanding a current program or reinstating a previous program, please discuss the impact the program has had in our community, specifically highlighting quantitative and qualitative outcomes.

Since its beginning on the Pathway to Hope has consisted of 12 families. SCC plans to enlist five new families in their Pathway of hope, for an estimate of 35 individuals based on the average size of household of our current Soldiers on the Pathway of Hope. The Pathway of Hope has moved 8 families out of Harrison homes; 3 of these families are now in fair market value homes looking to become first time home owners. Oreenna is a single mother of 5 and a survivor of domestic violence. It was our grassroots outreach that brought a hot meal to the housing authority weekly that connected her to Southside Community Center. Once enlisting in the Pathway of Hope she has bought a vehicle, gotten her children into private school, went back to school and moved out of public housing into a fair market rental. She was pregnant a few months after starting the Pathway of Hope. Her volunteer care coordinator was her support person at the hospital when she went into labor a month early. She is seeing her dream of owning a bakery and catering business come to life as she is more than halfway through her culinary arts training at the local community college and learning how to create a business plan through the SBA.

resources and service providers that will help our Soldiers to walk your path you plan to execute then execute the plan. The ultimate goal is Self-Sufficiency through living wage employment and home ownership. These services include a large list of community service providers that support our families values and goals on their pathway of hope.

C.2. Explain specifically how this program addresses the Priority Area selected on the previous page. How does the program address the goal of violence prevention in the City of Peoria?

SCC is aware of the level of trauma our children experience from the constant fear of gun violence in the community daily. Pastor Irene talks about the strain on our children and their families and helps volunteers understand that gun violence is a precipitating effect of environmental violence. This is in addition to the top known factors of poor childhood outcomes: domestic violence, substance abuse, and untreated mental health struggles in the parent. Because our community suffers from all three; in addition to parental stress, lack of access to quality healthcare, increase mental health struggles, isolation, substance abuse, isolation, lack of support, and food insecurity SCC addresses all of these through enlisting Families on the Pathway of Hope.

C.3. How long has this program been in operation or is it a new program?

This program has been in operation since 2019 when Southside Community Center received the Housing Action Illinois - AmeriCorps grant.

C.4. What specific geographic area does the program serve? (List Census Tracts or City-Wide.)

2 and 3

C.5. Specifically, what is the need for the program, what does the program do, and what is the target population for the program? Describe how the activity addresses community needs to reduce violence in the community. Be precise in the project design and how it is linked to goals. Use data and facts for the need and provide sources for the data.

Southside Community Center seeks to provide Protective Factors as interventions for families with High ACES Scores and Risk Factors. The 2010 and 2020 census revealed what

This program focuses on the performance metrics of housing stability, education and training, community building, participation numbers, and outreach efforts. We will measure these out ones through our screening assessments done with the parents. These metrics have grown in our current participants and they show the success of support in the community and that relationship building is essential.

C.8. For Workforce Training programs only, how many clients will you connect to permanent employment?

per the Family care plans, we have 3 GED students and 3 enrolled in ICC Cradle to Career program and 4 of our families are currently enrolled in ICC programs. Our First is scheduled to graduate December 2023.

C.9. How will your organization track and record client demographics for the proposed program? How will you track outcome measures listed above?

Southside Community Center will hire a database developer to create a comprehensive tracking system of our participants. The data is currently collected on paper and all on file. Our initial Assessment and Service Plan addresses demographic of the participants and the weekly meetings address social-emotional health as well as parent lead case management.

C.10. How will outreach about program availability be conducted? What experience does your organization have with the target population of your program? What is your organization's capacity to carry out the program and provide direct services and/or case management for participants?

Just how we build our program we are looking forward to continuing our monthly food and baby supplies giveaways. Our outreach and community organizing is a cornerstone of Southside Community Center. We target Harrison Homes and the neighborhoods west of Western. We have recently absorbed Adopt-A-Block team that will go door to door in the neighborhoods on the 1st and 3rd Saturdays to inform and resource our neighbors with information, services and action items.

C.11. How does the program collaborate with other agencies? Describe your agency's working relationship with other organizations and describe services and programs by other agencies that will provide additional

we see anecdotally, that every child born to a Black woman was born to a single parent. Because of the concentration of single families in poverty in our target area, our programs have been tailored to connect with some of the most vulnerable disenfranchised families in our city. Our mantra “if folks knew better they would do better.” We also know that parents are the lifelong teachers in the child's life and therefore, Pathway of Hope uses creative engagement strategies to CONNECT with target families by going to their space to build relationship and trust. We invite families to come into our space and CONNECT with our parent led support group called MOMS Group, Moms Offering Moms Support Group. We continue to Connect while offering GROW Opportunities as we begin to dismantle the protective wall they have built. Life skills, parenting, pregnancy resource, are in-house. We know we can earn relationship currency by loving on their kids well through our youth leadership and enrichment programing. Our volunteers are trained by Pastor Irene in trauma informed, trust-based, dismantling poverty, racial justice and effective engagement strategies. The Family Care Coordinator and Parent Educator are currently volunteers that help support and educate our parents. Family care coordinators offer the Pathway of Hope to those who do tier 2 and tier 3 interventions for youth who have behavioral symptoms associated with the stress of trauma and lack. Parents are highly stress and overwhelmed with basic survival and the demands of parenting. So we offer a meal with our programing. For those who enlist in the Pathway of Hope, our asset-based case management program designed to help families work toward self-sufficiency, we offer material goods that can not be purchased with SNAP benefits as incentive and reward for meeting goals. Their demographics, assets and needs are captured in the Family Care Plans, when their goals are met they earned household cleaning items like baby supplies, cleaning products, Costco Toilet Paper. We believe that everyone has something to offer the community and we work with our support group to identify service projects they can execute to SERVE our neighbors.

Based on the City of Peoria and Peoria County's Joint Commission on Racial Justice and Equity 2022 Annual Report, Census Tracts 2 and 3 that Southside Community Center primarily serves lie in the redlined areas in Peoria that “eerily mimics the same areas that are experiencing the most severe blight and social problems today” (6,

or similar services to your clients. Please detail the formal agreements and history of partnerships within the community. Do these agreements lead to cost savings for your agency?

Pathway of Hope is a program that relies heavily on partnerships in our community. Collaboration with existing social work agencies and programing. We are a navigation model. We help families get connected to the providers in the community as a means for meeting the goals they have for their families.

We have MOU in place with Methodist School of Nursing, and Pregnancy Resource Center. We are working collaboratively with Peoria Grown to provide fresh fruit an vegetables. We are a partnering with Trewyn Wraparound center and the Hands Up Peoria pantry. Churches like Pekin 1st, United Presbyterian and Redeemer Lutheran help us to fill the gaps in the system of care the agencies like PCCEO that provide programs like LiHeap, Headstart. Because of our MOU with Midwest Food Bank we are able to cut our food budget more than 60%.

C.12. How does your agency practice and promote diversity, equity and inclusion?

Director Irene Lewis-Wimbley has implemented a Beloved Community Model that 1) requires DEI for all leaders 2) SCC intentionally pairs BIPOC and White to colead each of our departments. 3) SCC Director provided DEI training for theYWCA of the Sauk Valley providing DEI training in the community and has developed her own training module and travels around the country prroviding training workshops for agencies and programs.

C.13. Please provide a breakdown of your current staff demographics by race/ethnicity and gender identity.

Director is Biracial Woman

Paid Staff: 1 Black Woman - 1 White Women

Volunteer Staff :

2 White male

2 Black male

3 Black Women

C.14. Please provide a breakdown of your Board of Directors or governing body by race/ethnicity and gender identity

2 Black Women

1 White Women

2 White Men

Racial). When we understand that today's racial segregation and inequity in Peoria is a result of intentional policy, we can begin to be intentional about how we can right these historical wrongs. SCC seeks to prioritize racial equity and calls for policies that seek to benefit the same neighborhoods that were redlined. United States Zip Codes States "The people living in ZIP code 61605 are primarily black or African American. There are also an extremely large number of single parents and an extremely small number of families. The percentage of children under 18 living in the 61605 ZIP code is extremely large compared to other areas of the country." The median home value of \$43,900 is nationally considered low and drastically different to the three surrounding zip codes of 61602 at \$217,500, 61606 at \$ 99,900, and 61604 at \$90,400 (ZIP). This radical difference between Census Tracts 2 and 3 and its surrounding Tracts shows the need for intervention through programs that focus on family supportive services to those that face a higher likelihood of community disengagement without the proper intervention strategies.

C.6. Provide information on how the program is evidenced-based. Provide clear, detailed information to support that project design. Please refer to research, third-party program evaluations or other objective data that indicates program design and note all sources of data. NOTE: Programs must be evidenced-based to be eligible for funding.

The Family Care Coordinator Program was initially implemented in the Community that Cares System of Care in Carroll, Lee, Ogle, and Whiteside counties, designed for children's mental health.

www.ILCHF.org/CommunityThatCares

Southside Community Center believes that relationship building is essential and is shown through the Medical Home Model. The Agency for Healthcare Research and Quality divides the definition of the Medical Home Model into five sections, Comprehensive Care, Patient-Centered, Coordinated Care, Accessible Services, and Quality and Safety. This relationship based and research based model is based on trust between Family Care Coordinators can be that one constant, stabilizing relationship in a family's life who may struggle with relationship trauma. Healing and transformation happen best in the context of relationships, but it's important to remember that without transparency and honesty, there can be no trust. And without trust, there can be no relationship. Our

engagement strategies therefore must be intentional so that our BIPOC families can see professional BIPOC people in leadership positions. We must instill the value that we know what we need AND that we have the ability to achieve it. Then we must make the connection to resources and support so that we can learn to resource ourselves. This includes finding multiple ways to enrich the lives of those in our community by engaging with people who have been trained and equipped to work together in solidarity for the sake of our shared future.

This training includes the Circle of Security International that focuses on children's attachment needs as well as Strengthening Families International training of the community members in the Parent Cafe Program.

C. Program Information Cont'd

Case Id: 35435

Name: Southside Community Center - 2023

Address: 1618 South Laramie

Completed by awgrantwriting@gmail.com on 5/12/2023 12:29 PM

C. Program Information Cont'd

Please provide the following information.

C.15. Staff Qualifications: Please identify key program staff, titles and include background and qualifications (education, experience, training, etc.). Include ALL staff to be funded with Violence Prevention funds and staff that will compile reports. If the position has not been hired, please include requirements in job description in the background section.

Staff Member	Name	Title	FTE on This Program	Grants Funds Used
See Resume Attached	Irene Lewis-Wimbley	Director	.25	Yes
2 Half time FCC -.5 FTE each TBD if funded by Violence Prevention Grant Fundagrants		Family Care Coordinator	1.0	Yes
1 Full-Time FCC TBD if funded by Violence Prevention Funds		Family Care Coordinator Assistants	1.0	Yes
2 Summer Interns .25 each TBD if Funded by Violence prevention grant		Project Assistants Support	.5	Yes
Clerical		Clerical	.25	Yes

C.16. Are there or will there be any program membership or fees charged to the participant in the proposed program?

No

C.17. What is your organization's experience in managing publicly funded projects? Describe any specific experience your organization has in the administration of federal, state, and local government funds. If you are using a fiscal agency, you may list the information for that agency.

Through Illinois Housing Action, SCC Director Irene Lewis-Wimbley has been granted 4 AmeriCorps grants to employ VISTA Volunteers to run our Summer Youth Leadership academy and Pilot the Pathway of Hope. The Federal Guidelines were followed, financial reviews, qualitative and quantitative monthly and quarterly reports and site visits. Irene Lewis-Wimbley was an MPH (mental Health Professional) Certified Joint Commission for 5 years and her career has been grant funded programs with high levels of reporting, data collection and analysis.

SCC has recieved Travel and Tourism grant from City of Peoria for the last 3 years to support our Juneteenth Celebration.

Debra Avery, SCC Treasurer has vast experience managing large budgets and grant funds. See Resume attached in

support section

Avery Withers is going to help us with our reporting and data collection. See Resume attached in the support section.

C.18. List funders for the last two years (including the City of Peoria, if applicable) and describe type and frequency of monitoring. Also describe any findings, the resolution of those findings, and any monetary penalties incurred.

SCC is primarily Donor Funded by individual monthly donors.

SCC Grant Award list

Housing Action Illinois - AmeriCorps – 2018 Youth Team Leaders- Funding for 3 VISTAS to lead our summer camp.

Housing Action Illinois - AmeriCorps – 2019 – Youth Leadership Academy Directors – Funding for 3 leaders for Leadership Academy

Housing Action Illinois - AmeriCorps – 2019-2020- Family Care Coordinator – Housing Action Illinois – Help plan and implement the FCC program.

Travel and Tourism/City of Peoria -2021 - \$10,000 – Juneteenth Commemoration Events

Bread For the World -2022 - \$3,000

Evangelism Foundation 2022-23 - \$10,000 – Make Website to house training modules.

Travel and Tourism/City of Peoria -2023 - \$10,000 – Juneteenth Commemoration Events

Ralla Klepak Foundation June 2023-2025 - \$150,000

C.19. Describe your organization's financial reporting system/accounting procedures and time keeping system regarding the proposed activity. How will your organization separate Violence Prevention funds from other funds for identification, tracking, and reporting? Describe your organization's internal controls that minimize opportunities for fraud, waste, and mismanagement.

Pekin First Church of the Nazarene was our original and sole funder in the beginning. As we began to build a donor base we required less and less of their financial support. Their Finance Department managed all of our funds. We have recently built and are transitioning to using a new accounting software to record income and expenses as they happen using the chart of accounts created through the budgeting process. Each grant received will have its own account number and associated expenses will be tracked under that category. The balance sheet produced monthly will show each grant separately so we can track what remains. Reconciliation happens on a monthly basis. Staff will be required to track hours spent on particular grant-funded projects so that where appropriate, funding can be divided between general operating work and grant-specific work and expenses.

C.20. As a part of the application process, your agency or sponsored fiscal agency must have conducted and must submit a copy of its most recent audit.

In the most recent audit, were any findings issued?

No

C.21. Is your agency required to complete a Single Audit?

No

C.22. Explain in narrative form how Violence Prevention funds will be used as shown in the proposed budget (e.g. describe specific direct service and administrative positions for the program). Describe the specific need for all items outlined in the budget and how you will ensure that all costs are reasonable per 2 CFR Part 200. Describe your program funding source diversity if applicable. Provide details on program expenses and explain how the cost per unit of service and the cost per unduplicated client are reasonable for this program.

With an FTE equivalent to 1 the Family Care Coordinator (FCC) would be a salaried position of 35,000. Two Part Time

FCC would receive payment of \$15 an hour for 0.5 FTE equaling 30,000. Part time Grant Implementation and Data Analysis equivalent to \$1,800. Program Director FTE 0.25 at \$15 an hour cash value of \$7,500, Parent Educator Volunteer Time at \$32 an hour FTE 0.25 at valued at \$97,500 in-kind contribution, Administrative work at \$15 an hour cash value of \$15 an hour \$7,500. Totaling to \$117,900.

This is the mileage over the course of a year at the rate of \$0.14 per hour, 40 miles a week for (1) full time Family Care Coordinator, 20 miles a week for (2) part-time Family Care Coordinators, and at 10 miles a week for the Director and Parent Educator. This is based on the current IRS rate in service of charitable organizations.

Since the beginning of SCC the software has been run through Apple devices. With the purchase of database development the assessment will move completely virtual and FCCs will need portable devices to take on home visits. The purchase of three Apple MacBook Air and the software to accompany along total to \$3294. Our current equipment that is used for Pathway of Hope includes 2 iMac valued at 500 and the SCC van at \$10,500 cash equivalent. For a total in equipment cost of \$14,294.00

Circle of Security International Early Intervention Program for Parents and Children Online Training offers in person large group trainings or online individual trainings. To avoid travel expenses SCC is using the online training at \$1,000 a person for three FCCs, our current first employee doing administrative work, and the volunteer Parent Educator. A total of 5 employees totaling to \$5,000. Strengthening Families In-Person Parent Cafe Training is a evidence based community development training to engage 20 adults in community building totaling \$3,600. Database development by known developer Nina Ortega at an estimate of \$45 an hour, 0.5 FTE, for 6 months totals \$21,600 for the complete total of Training and Contract work of \$30,200.

Pathway of Hope relies heavily on the in-kind contribution of Volunteer Time at \$32 an hour for 9 volunteers 6 hours a week. The time estimated for this project includes five parent mentors for the families enlisted on the Pathway of Hope, two cooks, and two childcare providers.

With the Pathway of Hope Expansion Utilities, Maintenance, Facility Supplies, and Office Expenses are expected to increase. We reflect this increase by multiplying these portions of the SCC budget by 24%. Current Rent, Pest Control and Janitorial Services were also multiplied by 24% to fill the gap in the budget in order to even the funds and provide additional services to our population. This totals in general administrative cost is \$7867.2.

C.23. Is there any additional information you want to mention? Use bullet style for each item in the space provided.

SCC is proud of our robust volunteer base, in kind donations and community collaborations. It is because of our grassroots approach that we have sustained our work and kept the direct cost of the FCC Programing quite low.

D. Conflict of Interest

Case Id: 35435

Name: Southside Community Center - 2023

Address: 1618 South Laramie

Completed by irenesouthsidecc@gmail.com on 5/11/2023 8:40 AM

D. Conflict of Interest

Please provide the following information.

As an applicant requesting funding, will any of your employees, agents, consultants, officers, or elected officials experience the following conflicts of interest:

D.1. Participate in the decision-making process for the approval of this application? (i.e., a City of Peoria City Council Member or a Member of the [CDBG Public Services Advisory Commission](#))?

No

D.2. Have a personal financial interest or reap a financial benefit from this program/activity?

No

D.3. Have an interest in any contract, subcontract, or agreement with respect to this application either for themselves or those with whom they have family or business ties during the program year and for one year thereafter?

No

If you selected yes to any of the above, clearly describe the conflict below.

Three Core Ministries

Leadership and Enrichment

Southside is designed as a safe space to develop youth into leaders. The V.A.L.U.E.S model helps us reinforce how valuable God believes we are. This happens through our summer enrichment program.

Parent Support and Education

SCC recognizes that parenting is hard. We invest in parents who are the life-long influence in the lives of their kids. Statistically, any youth program may have 40-60 hours per year to pour into a child, where parents have more than 3,000 hours a year.

Strongholds

SCC recognizes the need for people to be set free from hurt, habits, and hang-ups that keep families and individuals from self-improvement. "Strongholds" is a Biblically-based, 12 step discipleship program for healing, recovery, and freedom from of any type of struggle. SCC also offers a community of support and resources to support individual needs.

Pathway of Hope

The Pathway of Hope exists to walk with you from where you are to where you want to be. Meet weekly with your Family Care Coordinator to set goals and accomplish them. Whether you want to go to school, own a house, or become financially independent, we want to work with you. Call SCC today to schedule an appointment.

Learning Lab

We have a learning lab equipped to help you in the following areas:

- Second Chance High School Diploma Scholarship.
- Online credential courses
- Budgeting
- Building your credit
- Resume building
- Applying for jobs
