**REGULAR BUSINESS ITEMS, with Recommendations as Outlined:**

**(22-386) Communication from the City Manager and Deputy Corporation Counsel with Request for a DISCUSSION on the Feedback from the CANNABIS PUBLIC MEETINGS.**

Deputy Corporation Counsel Chrissie Kapustka summarized the attendance and feedback from the in-person Public Meeting held on November 2, 2022, the virtual Public Meeting held on November 3, 2022, and the online survey. She said a final report would be provided to the Council once the survey closed. She said a majority of the survey responses indicated they were not in favor of implementing a cap or imposing additional zoning restrictions on cannabis business licenses in Peoria, were in favor of onsite consumption, and were in support of social equity applicants. She said there was some opposition to the sale of cannabis in Peoria. She said Staff researched policies and procedures in other communities, such as Springfield who offered two Special Use applications for cannabis dispensaries, with one for on-site consumption that included regulations for compliance with the Smoke-free Illinois Act. She concluded with a request for a discussion to amend the Code of the City of Peoria to match the language in the Illinois State Statute regarding Social Equity applicants, and to offer a 50% fee reduction for Social Equity applicants to emulate State Licensing fees.

Discussions were held regarding the online survey ([www.surveymonkey.com/r/cannabispeoria](http://www.surveymonkey.com/r/cannabispeoria)) expiration date, as well as the results and comments that would be provided to the Council once it closed. Existing and expired Special Use Permits for cannabis dispensaries in Peoria and standard Special Use expiration dates were also discussed. Deputy Corporation Counsel Kapustka said reducing the expiration period from two years to 12 or 6-months would be a prudent revision. Council Members Jensen, Allen, and Riggenschach said they supported a reduced time-period before a Special Use for a cannabis dispensary expired.

Council Member Allen said it was important to consider the spirit of the Social Equity designation when determining additional restrictions for applicants.

Council Member Cyr asked Staff to bring back an Ordinance to amend the Code of the City of Peoria to change all zoning districts to Special Uses for cannabis dispensaries, including Industrial Districts.

Council Member Riggenschach said while he was not in favor of on-site consumption, he was interested in obtaining more information on the Springfield cannabis business model in order to make an informed decision. He said he supported the request from Council Member Cyr to amend the Code to indicate all zoning districts as Special Use for cannabis dispensaries.

Additional discussions were held concerning on-site consumption and existing cannabis dispensaries in Peoria.

Council Member Grayeb asked about the delay for applicants who obtained a Cannabis Dispensary Special Use Permit for a site in Peoria but had not yet opened their business. Deputy Corporation Counsel Kapustka explained the delay was due to State Licensing and the multi-step nonconsecutive application process for a cannabis dispensary at the State and Local levels.

Council Member Riggenschach said a new Special Use application for a cannabis dispensary was submitted that would be presented to the Council in January 2023. He recommended implementing a moratorium until January while the Council continued discussions.

Mayor Ali thanked the Council for their feedback, noting discussions would continue at a subsequent Council Meeting.

*CLERK'S NOTE: No vote was taken as this was for information and direction only.*

**(22-387) Communication from the City Manager and Corporation Counsel with a Request to APPROVE the THIRD AMENDMENT to the Revised REDEVELOPMENT AGREEMENT and PARKING DECK LEASE with OSF HEALTHCARE SYSTEM and 124 ADAMS PROPERTY HOLDINGS, LLC.**

City Manager Urich explained the progression of the OSF Healthcare Redevelopment Agreement and subsequent amendments, noting the third amendment related to unexpected expenses with fire suppression upgrades in the building and the use of the remaining Central Business District TIF Funds for that expense.

Council Member Cyr said the Council was supportive of OSF's efforts in downtown Peoria contributing to the vibrant downtown. He asked for a Report Back regarding when the additional workforce would arrive at their new downtown location.

After Council Member Kelly asked about the deadline for the distribution of TIF funds; City Manager Ulrich confirmed the funds had to be spent by the end of 2022.

At the conclusion of his comments, Council Member Kelly moved to approve the third amendment to the revised Redevelopment Agreement and Parking Deck Lease with OSF Healthcare System and 124 Adams Property Holdings, LLC; seconded by Council Member Riggerbach.

City Manager Patrick Ulrich presented the third series of Report Backs to the Council.

**Sidewalk Locations**

Public Works Director Rick Powers reviewed sites identified for sidewalk improvements in 2023. City Manager Ulrich explained the Lamont Street Special Assessment project. Director Powers explained how Special Assessments differed from the past Sidewalk Participation Program or Special Service Area (SSA) designations. He said the implementation of an Asset Management System would consider infrastructure condition to drive funding recommendations.

Discussions were held on the Lamont Street project, the possibility of a Sidewalk Improvement Grant in 61605, and the proposed Asset Management System. Council Members Jensen and Riggerbach said they supported the implementation of an Asset Management System to evaluate the condition of infrastructure.

Council Member Jensen said she wanted increased funding toward sidewalk improvements in older neighborhoods in the First, Second, and Third Districts. City Manager Urich said \$800,000.00 was allocated for sidewalk improvements in 2023. He said an additional allocation would require a Budget Motion to direct Staff to amend the 2023 Revised Budget.

Director Powers said the Asset Management System would review all layers of infrastructure to evaluate the condition as well as the best improvement plans and schedule. Council Member Riggerbach said it was important to communicate the results of assessments and data used to drive decisions made by Staff to the Council in order to understand where the greatest needs were in the City.

**Summary of CIP by Council District**

Finance Director Kyle Cratty provided a summary of the Capital Improvement Plan by Council District, detailing the projects and funding sources across single and multiple Districts. Council Member Cyr said it was important to note to let citizens know the Council was committed, emphasizing all Districts needed to be as strong as the next.

Discussions were held regarding the definition of "surplus," and Director Cratty explained that surplus was the cash reserves on-hand and what was available to meet the City's obligations. He said the decisions the Council make could impact the City's financials in the outyears.

**Garbage Fund: 5-year Repayment Plan**

Director Cratty discussed the timing of the closure of Landfill No. 2, and how it would reduce costs by 50%. He said, as a result of the proposed plan, the account would be repaid by the end of 2027. Council Member Cyr remarked on the importance of funding operations from the appropriate accounts.

**Streetlights: Division between Ameren and City**

Director Powers said a map was provided representing the areas of the City with streetlights managed by Ameren versus the Public Works Department. He said the City paid the electric bill for all streetlights in the City, but the installation and maintenance of lights in the designated areas were managed by Ameren. He said the Ameren streetlights were on wooden poles while City-owned streetlights were steel or concrete. He discussed the transition to LED and smart lighting, utility cost increases, and the process to request or assign streetlighting to Ameren or to the Public Works Department in the City.

Discussions were held regarding City-owned streetlighting, the Ameren Agreement, and the history of electricity providers for Peoria. The lack of response from Ameren for streetlight installation or maintenance requests and ways to communicate to Ameren the urgency of the requests was also discussed.

Mayor Ali commented Ameren made a lot of money from the City, and she expressed the need for them to upgrade the old poles and power lines.

Council Member Jackson said she had met with Ameren over a year ago regarding streetlighting concerns in District 1 and still have not hear back from them.

Council Member Jackson exited Council Chambers.

After Council Member Allen asked for additional information on temporary lighting fixtures in his neighborhood.

Council Member Ruckriegel asked for additional information on the previous communications and meetings had with Ameren along with any minutes or notes from those meetings to shed some light for the Council as to the situation.

**UnityPlace Capital Contribution**

City Manager Urich reviewed the three funding options presented at the November 1, 2022, Special City Council Meeting, and he presented two additional options for the Council to consider. He said the fourth option shifted funding for some scheduled capital projects to TIF funding sources in order to allocate \$875,000.00 to support UnityPlace, while the fifth option proposed allocating \$275,000.00 per year for three years, for a total of \$825,000.00, to reduce the impact on each annual Budget.

Discussions were held regarding the different funding amounts in the presented options, comparable nonprofit contributions made by the City, and the impact UnityPlace behavioral and mental health services will have on the community.

Council Member Velpula said he was in favor of the fifth option allocating \$275,000.00 per year for three years, for a total of \$825,000.00, to reduce the impact on each annual Budget.

Council Member Jackson returned to Council Chambers.

Council Member Kelly said he was supportive of the UnityPlace project, but he said he was hesitant to allocate funding as presented, citing precedence and differences with other contributions made by the City for nonprofit organizations.

Council Member Jackson said it was important for the Council to focus on fostering healthcare assets and investing in projects providing needed services for the community.

Council Member Allen said mental health was a priority for the community, stating he was in favor of the option to spread the allocations over three years in order to be reserved with the budget and to support the project long-term. He said the Council should invest in this project to address the needs of the community.

**2023 Revised Budget Motions**

Council Member Riggerbach moved to direct staff to amend the proposed City of Peoria 2023 Revised Budget to reduce the Rock Island Greenway Project \$95,000.00 in 2023 and \$1,100,000.00 in 2024 and increase the project \$1,210,000.00 in 2025; seconded by Council Member Jackson.

At the conclusion of her comments, Council Member Jensen moved to direct staff to amend the proposed City of Peoria 2023 Revised Budget to increase the Budget to fund a \$275,000.00 contribution in 2023, 2024, and 2025; seconded by Council Member Ruckriegel.

Noting a potential change in Council Members over the next three years, Council Member Cyr asked for a friendly amendment to reduce the commitment to two years. City Manager Urich noted the decision to provide a contribution could occur annually instead of making a three-year commitment. Council Member Jensen said she was not agreeable to the amendment, citing the commitment to support UnityPlace long-term.

Council Member Grayeb said the Council determined long-term commitments on a regular basis. He said it was prudent the Council allocate the funds in increments in order to reflect on project updates after the transition to Carle Health Services.
