State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed I want to use my voice and help advocate for changes in the city. I began going to city council meetings and quickly noticed the lack of attendance from the youth in our community. As a young Peorian, I would like to use my talents and skills to help revive and bring a new perspective to the decision makers in our city. I believe we can make Peoria the thriving town that I know it can be.

Would your service on a city commission be a conflict of interest for you?; No
