Board, Committee and Commission Selection

I am Interested in serving on the following committee/commission/board:	Historic Preservation Commission, Planning and Zoning Commission
Have you previously served on a city Board, Committee and Commission	NO
Reason for applying.	Preservation of our historic architecture and expanding

knowledge and appreciation has long been my motivation. I work professionally as an interior designer with a niche of historic architecture and have long been an advocate throughout our community for the value preserving these buildings can bring to Peoria. I believe the relationships I have built will be an asset in communicating with homeowners creative solutions to modern updates while still maintaining its architectural significance.

Other relevant experience.

I work professionally within historic preservation specifically regarding interior design. My work has been noted both locally as well as nationally as well as featured on HGTV. By working closely with homeowners and historic districts, neighborhood associations (Moss Bradley & Randolph Roanoke) I've been afforded the ability to widen the inclusivity of preservation within our most blighted communities.

Can you think of any relationship or other reasons, which might possibly constitute a conflict of interest, if you are selected to serve on the board, for the committee, or commission for which you are applying?

None
