State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed I feel that my background -- both professionally and personally -- is well-suited for the position and I would consider it an honor to serve in this capacity. I am a strong supporter of historic preservation and am currently living in and restoring my third 19th century home. My husband and I live in a historic district and believe strongly in the value of these districts to the greater Peoria community. Thank you for the opportunity to serve.

Would your service on a city commission be a conflict of interest for you?; No
