State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed I would be honored to be considered for the Peoria Housing Authority or any city commission where my talents and experience would be helpful. I have always worked to try to make our wonderful community even better - through strong and caring human services, excellent education, accessible health care and engaging cultural experiences.

If I were appointed to the PHA, my goal would be to participate in the authority's positive contribution to enriching the lives and living conditions of those we serve.

Would your service on a city commission be a conflict of interest for you?; No
