Grantor shall provide notice, in writing, to Grantee of any such funding failure and its election to terminate or suspend this Agreement as soon as practicable. Any suspension or termination pursuant to this Section will be effective upon the date of the written notice unless otherwise indicated.

4.2. Return of Grant Funds. Any Grant Funds remaining that are not expended or legally obligated by Grantee, including those funds obligated pursuant to ARTICLE XVII, at the end of the Agreement period, or in the case of capital improvement Awards at the end of the time period Grant Funds are available for expenditure or obligation, shall be returned to Grantor within forty-five (45) days. The **GRANTEE** will submit to the **GRANTOR** a complete and detailed final invoice with applicable supporting documentation of all incurred costs, less previous payments, no later than twelve (12) months from the date of completion of this phase of the improvement or from the date of the previous invoice, which ever occurs first. If a final invoice is not received within this time frame, the most recent invoice may be considered the final invoice and the obligation of the funds closed.

The **GRANTEE** shall provide the final report to the appropriate **GRANTOR** district within twelve (12) months of the physical completion date of the project so that the report may be audited and approved for payment. If the deadline cannot be met, a written explanation must be provided to the district prior to the end of the twelve months documenting the reason and the new anticipated date of completion. If the extended deadline is not met, this process must be repeated until the project is closed. Failure to follow this process may result in the immediate close-out of the project and loss of further funding.

To keep projects active, invoicing must occur a minimum of one time within any given twelve (12) month period. However, to ensure adequate processing time, the first invoice shall be submitted to the **GRANTOR** within six (6) months of the federal authorization date. Subsequent invoices will be submitted in intervals not to exceed six (6) months.

The **GRANTOR**, at its sole option, upon notice to the **GRANTEE**, may place the debt into the Illinois Comptroller's Offset System (15 ILCS 405/10.05) or take such other and further action as may be required to recover the debt.

1. Personal Conflict of Interest - The Grantee shall maintain a written code or standard of conduct which shall govern the performance of its employees, officers, board members, or agents engaged in the award and administration of contracts supported by state or federal funds. Such code shall provide that no employee, officer, board member or agent of the Grantee may participate in the selection, award, or administration of a contract supported by state or federal funds if a conflict of interest, real or apparent would be involved. Such a conflict would arise when any of the parties set forth below has a financial or other interest in the firm selected for award:

- a. the employee, officer, board member, or agent;
- b. any member of his or her immediate family;

2. Organizational Conflict of Interest - The Grantee will also prevent any real or apparent organizational conflict of interest. Dispute Resolution. In the event of a dispute in the interpretation of the provisions of this Agreement, such dispute shall be settled through negotiations between the Grantor and the Grantee. In the event that agreement is not consummated at this negotiation level, the dispute will then be referred through proper administrative channels for a decision and ultimately, if necessary, to the Secretary of the Illinois Department of Transportation.

PART THREE – THE PROJECT-SPECIFIC TERMS

In addition to the uniform requirements in **PART ONE** and the Grantor-Specific Terms in **PART TWO**, the Grantor has the following additional requirements for this Project:

Grantee must follow ITEP guidelines.

Sunset clause and Federal 10 year project construction completion requirement will be enforced on all ITEP funded projects.

It is the responsibility of every project sponsor to ensure their projects move forward and constructed in a timely manner. Grantee agrees to meet deadlines set within the project award letter for each ITEP funded project based on phases of work approved. If any deadline is not met, funds will be rescinded. Any funds spent will have to be paid back.

Sunset Clause deadline began with MAP-21 and continues with Fast Act. ITEP funds will need to be federally obligated by this deadline. Funds are available for obligation for a period of 3 years after the last day of the fiscal year for which the funds are authorized (23 U.S.C. 118). Any funds unobligated from each ITEP cycle announcement will lapse at the end of the fiscal year three years from when the funds were apportioned.

All projects awarded are subject to Federal 10 year project construction completion requirement. The Federal Highway Administration (FHWA) has the authority to pull funds from projects that have not met their limitations for project implementation, which could also lead to them requiring a pay-back of federal funds that have been used on the project up to that point. For example, if your community has performed all the required engineering but has not been able to get the project constructed, FHWA could pull the remaining funds slated for construction and also require the local community to pay back the federal funds used to complete the engineering. Federal regulations require a project to be constructed within 10 years of the date federal funds were authorized for engineering. Communities can apply for a 'no-build' waiver from FHWA if there are circumstances that justify the project not being constructed, but approval of such waivers should not be assumed (FHWA Order 5020.1A).
