Council Member Cyr asked for details regarding the Murray Baker Bridge Lighting Project. City Manager Patrick Urich said the City was responsible for the design work of the improvements, and the Illinois Department of Transportation (IDOT) was responsible for the construction. He said the City of Peoria and the City of East Peoria were responsible for maintaining the lights since the warranty was expired. He said an Intergovernmental Agreement with Peoria County and Tazewell County to share maintenance responsibility was being pursued. He said fees from organizations applying to change the color of the lights on the bridge would offset maintenance costs.

When Council Member Cyr asked if a deferral was needed to first secure the Intergovernmental Agreement, City Manager Urich said he encouraged approving the purchase that evening since the City would bear the responsibility even after the Agreement was negotiated.

FIRST READINGS:

(21-387) Communication from the City Manager and Corporation Counsel with a Request to RECEIVE and FILE a FIRST READING of an ORDINANCE Amending CHAPTER 28 of the CODE of the City of Peoria, Regarding AUTOMATED TRAFFIC VIOLATIONS.

Interim Corporation Counsel Chrissie Kapustka said motorists unlawfully passing stopped school buses was a growing problem. She said a new law allowed to ticket violators with the use of photos from stop-arm cameras mounted to buses. In order to implement such a system, she said the City would have to enter into an Agreement with the school district first. She said an Intergovernmental Agreement with Peoria Public Schools would be presented to the Council at a subsequent Meeting. Mayor Ali asked if the Dunlap School District would be participating, and Interim Corporation Counsel Kapustka said she would confer with them as well.

PRESENTATION:

(21-388) Communication from the City Manager and Corporation Counsel with a Request to RECEIVE and FILE a PRESENTATION on REDISTRICTING CRITERIA.

Interim Corporation Counsel Chrissie Kapustka reviewed redistricting information from the October 12, 2021, Policy Session ([21-312](#)), and the 2020 Census Presentation at the September 28, 2021, City Council Meeting ([21-290](#)). She said, based on Attorney Phillip B. Lenzini's suggestion to consider adjustments to the City's Council District structure separately from redistricting deliberations, City Staff moved forward with preparations of maps and suggested amendments with the current five-district structure. She reviewed the changes required for each district and how variances would be monitored and reviewed. She said a few map variations would be presented at the first Committee of the Whole Meeting regarding Redistricting, and she noted subsequent meetings would be scheduled to continue discussions as follows:

- January 18, 2022
- February 1, 2022
- February 15, 2022
- March 1, 2022
- March 15, 2022
- March 29, 2022

Discussions were held concerning the deadline to submit the redistricting maps. REGULAR BUSINESS ITEMS, with Recommendations as Outlined:

- (21-389) Communication from the City Manager and Finance Director with a Request to APPROVE an INTRA-CITY LOAN, from the City's Other Post Employment Benefit Fund, to Pay the Remaining Illinois Municipal Retirement Fund (IMRF) EARLY RETIREMENT INCENTIVE, to be Repaid to the City's Other Post Employment Benefit Fund Over Ten (10) Years, at an Interest Rate of Three Percent (3.00%), with the Final Payment to be Made January 1, 2032.**

City Manager Patrick Urich summarized the Early Retirement Incentive (ERI) approved at the June 23, 2020, City Council Meeting (Item No. [20-188](#)), stating it affected 43 City and 3 Library Staff. He said in order to save almost 50% on interest payments he recommended borrowing from the City's other Post Employment Benefit Fund to pay Illinois Municipal Retirement Fund (IMRF).

Council Member Kelly moved to approve an Intra-City Loan, from the City's other Post-Employment Benefit Fund, to pay the remaining Illinois Municipal Retirement Fund (IMRF) Early Retirement Incentive, to be repaid to the City's other Post-Employment Benefit Fund over ten (10) years, at an interest rate of three percent (3.00%), with the final payment to be made January 1, 2032; seconded by Council Member Jensen.

City Manager Urich explained how the cost of interest was determined and how the ERI did not result in cost-savings to the City due to the rehiring of Staff resulting from an expedient pandemic recovery rebound. He said there were many unknown variables during the pandemic, but in the future if the City did not refill the positions it would result in the intended cost-savings.

Discussions were held concerning the loss of institutional knowledge as a result of the ERI and what could be done differently in the future.

- (21-390) Communication from the City Manager and Economic Development Department with a Request to ADOPT an ORDINANCE Approving the FMB HOLDING, INC. REDEVELOPMENT AGREEMENT. (Council District 1)**

City Manager Urich said the Redevelopment Agreement was for 330 SW Water Street, formerly the Crooked Waters Restaurant location. He said the Central Business District TIF would reimburse the owner for improvements, such as addressing flooding concerns since it was on the Riverfront. He said utilizing the almost-expired TIF funds was prudent because once expired the funds would return to the taxing bodies.

After noting the improvements were necessary to attract a potential tenant, Council Member Jackson moved to adopt an Ordinance approving the FMB Holding, Inc. Redevelopment Agreement; seconded by Council Member Kelly.

ORDINANCE NO. 17,920 was adopted by roll call vote.

Yeas: Allen, Cyr, Grayeb, Jackson, Jensen, Kelly, Oyler, Riggerbach, Ruckriegel, Velpula, Mayor Ali - 11;

(21-391) Communication from the City Manager and Director of Community Development with a Request to DENY an ORDINANCE to DISCONNECT Certain Real Estate, Commonly Known as Parcel Identification Number 13-23-326-005, Vacant Land within Peoria Owned by Lynnette & Steven Demanes, from the City of Peoria.

City Manager Urich said Staff recommended the Council deny the request to disconnect the property from the City. Discussions were held regarding the \$580,000.00 the City invested on the annexed properties and other conditions of the Annexation Agreement related to the 1993 Huntington Pointe Subdivision Development Project. Assistant Director of Community Development Leah Allison said the parcel was part of the submitted subdivision plat and the City's investment was applied to the entire subdivision. City Manager Urich said the parcel was included in the Annexation Agreement, which was later subdivided by the developer.

Council Member Kelly said the parcel should not be disconnected from the City if it was part of the development, and he asked if there was a deadline for the Council to decide. Interim Corporation Counsel Kapustka said it was not time-sensitive and she explained the legal standard to overcome Annexation Agreements.

Council Member Kelly moved to deny an Ordinance to disconnect certain real estate, commonly known as parcel identification number 13-23-326-005; seconded by Council Member Allen.

Council Member Jensen asked to grant privilege of the floor to Michael Flemming, an attorney representing property owners Lynnette and Steven Demanes. Hearing no objection, Mayor Ali granted privilege of the floor to Attorney Michael Flemming.

Attorney Flemming said Mr. and Mrs. Demanes purchased the property from Jerry Weaver when the land was subdivided, and he noted the original plat showed the parcel as an outlot. He said no streets or City services were on the property, so it did not directly benefit from City investment funds.

Council Member Riggerbach said the parcel was intentionally included by the developer in the Huntington Pointe Subdivision Plan. After he cited the higher standard to overcome Annexation Agreements, he said it could set a precedent if the disconnection was approved. Interim Corporation Counsel Kapustka said the Court did not generally favor disconnection requests for voluntarily annexed properties because it violated the Annexation Agreement. Council Member Riggerbach said he supported the motion on the floor to deny disconnecting the parcel.

In response to Council Member Ruckriegel's inquiry regarding parcel location information, Interim Corporation Counsel Kapustka said both the Annexation Agreement filed with Peoria County and the tax bill would have indicated the parcel was in the City of Peoria and would have been included in the purchase. Council Member Ruckriegel noted conditions of the property had not changed, and because it was included in the Annexation Agreement and proposed

development plan, the City's investment affected all included parcels. He said it had been many years since the parcel was purchased, and with future development potential being unknown, he said he supported the motion to deny disconnecting the parcel.

Discussions were held regarding adjacent parcels owned by the petitioners and their motivation for requesting to disconnect the property from the City.

Council Member Jensen asked for privilege of the floor to be given to the petitioner Lynette Demanes. Hearing no objection, Mayor Ali granted privilege of the floor to Lynette Demanes.

Mrs. Demanes said the Huntington Pointe Subdivision developer offered to sell the property to her and her husband after he determined it could not be developed as part of the subdivision. She said they were not aware at the time it was part of the City of Peoria, and she noted the only access to the parcel was through their adjacent property.

Council Member Jensen said this was a different situation because the parcel was not developed, noting it was connected to the petitioner's larger parcels in Peoria County. She said she would not support the motion to deny disconnecting the parcel.

After stating the Council and the requestors needed more time to research and prepare, Council Member Grayeb moved for a substitute motion to defer this item to the January 11, 2022, City Council Meeting; seconded by Council Member Jensen.

Council Member Kelly said he did not support the substitute motion to defer. He said the petitioner owned the property for many years and he did not understand why it was requested now. He said it would set a bad precedent to disconnect parcels around the City's edges and he said he would vote against the deferral.

Council Members Oyler and Ruckriegel said they supported the motion to defer the item to allow time for Council to review information and deliberate.

Substitute motion to defer this item to the January 11, 2022, City Council Meeting was approved by roll call vote.

(21-392) Communication from the City Manager and Corporation Counsel with a Request to ADOPT an ORDINANCE Amending CHAPTER 3, SUBSECTION 59, of the CODE of the City of Peoria, to Revise SUBCLASS (1) SUPPLEMENTAL LICENSE AREA.

Interim Corporation Counsel Chrissie Kapustka said the Ordinance would amend the Code of the City of Peoria to remove the ability of obtaining a 4:00 A.M. liquor license in the Warehouse District. She said there was one existing establishment with the 4:00 A.M. liquor license subclass in the area and it would remain valid as long as the license-holder was compliant with laws and regulations.

After indicating the Warehouse District was focusing on more residential development projects, Council Member Oyler moved to adopt an Ordinance amending Chapter 3, Subsection 59, of the Code of the City of Peoria, to revise Subclass (1) Supplemental License area; seconded by Council Member Ruckriegel.

Continued discussions were held on the increasing residential projects in the Warehouse District, and the one existing 4:00 A.M. liquor license holder.

Council Member Grayeb left Council Chambers.

Council Member Jackson discussed the issues of litter and public safety concerns raised by citizens regarding Status Nightclub. Interim Corporation Counsel Kapustka explained multiple departments in the City of Peoria responded to complaints and concerns for all liquor license holders in the City.

Council Member Grayeb returned to Council Chambers.

Interim Corporation Counsel Kapustka explained potential consequences in response to violations, including amending a plan of operation to limit the hours of operation. She said she would provide additional information to the Council.

Council Member Jackson said she was displeased with the affect Status Nightclub had on the area as it related to redevelopment efforts, and she asked why it could not be included in the conditions the Ordinance would implement. Interim Corporation Counsel Kapustka explained licenses could only be amended, suspended, or revoked with proper due process after a rule or regulation violation. She said she would provide more information to the Council regarding liquor license regulations.

Discussions were held regarding the boundaries of the Warehouse District. City Manager Urich said he would send a detailed map to the Council.

Council Member Allen said despite issues raised regarding the 4:00 A.M. liquor license, he believed the long-term vision of the Warehouse District would benefit from keeping them intact. He said growth in the area would attract young professionals who frequent late-night establishments and entertainment, and with proper supervision, would provide a desirable feature for a vibrant community.

Council Member Jackson said she was not fundamentally opposed to 4:00 A.M. liquor licenses, but she said it was the business owner's responsibility to address concerns at their establishments. She said she did not believe young professionals would be attracted to establishments with a history of public safety concerns.

Council Member Allen noted his previous comments were related to the entire Warehouse District and were not specific to any establishment.

Council Member Kelly said he agreed with Council Member Jackson's concerns that it was important to eliminate community safety concerns, and he said he would support the item.

ORDINANCE NO. 17,921 amending Chapter 3, Subsection 59, of the Code of the City of Peoria, to revise Subclass (1) Supplemental License area was adopted by roll call vote.

Council Member Grayeb asked if the recent UnityPoint Health announcement would affect the project. City Manager Urich said he was not aware of any concerns.

Community Development Director Joe Dulin said Phoenix Community Development Services, a non-profit community services provider in Peoria, proposed housing to address family homelessness concerns in the community. He introduced Christine Kahl, President and Chief Executive Officer of Phoenix Community Development Services, to provide additional details. President Kahl said the building owner, UnityPoint Health, petitioned the Special Use, and she said an agreement was in place to protect the project through the possible transition. She said the housing project would end family homelessness in Peoria, and she said Phoenix offered optional supportive services to the tenants.

Council Member Jensen said she enthusiastically supported the project and she reviewed other Phoenix projects in the community. She requested an update from President Kahl for the Council at a later date to review other Phoenix endeavors.

Council Member Jensen moved to adopt an Ordinance approving a Special Use in a Class N-1 (Institutional) District for multi-family residential housing for the homeless, for the property located at 415 St. Marks Court, 509 St. Marks Court, 122 NE. Greenleaf Street, and 113 Fowler Street, Peoria, Illinois; seconded by Council Member Velpula.

Council Member Jackson said there was a great need in the community for resources to address homelessness and she asked for consideration and compassion to ensure basic needs were met, such as food and shelter. She said she readily supported the project.

Council Member Allen asked President Kahl to elaborate on demographics and qualifications for tenants. President Kahl explained the U.S. Department of Housing and Urban Development (HUD) definition of homelessness determined demographics and the local Continuum of Care (COC) Program, currently housed under the United Way, managed a centralized waitlist for housing. She discussed factors the COC used to determine placement on the list and how factors such as a sex-offender conviction would disqualify an applicant.

Council Member Allen said he would abstain from voting due to being an employee at Methodist College of UnityPoint Health.

Council Member Kelly said while he supported this item, he said he was concerned how homelessness and public housing were being addressed. He said it was well-intended as a temporary solution but encouraged people to stay within the system instead of rising above it. He gave examples of causes for homelessness and he said he did not believe warehousing people in the downtown area was the best solution.

Mayor Ali said she believed transitional housing programs were successful and were a great asset to citizens in need.

Council Member Ruckriegel said positive changes in the City were sometimes unseen and he highlighted the importance of projects like those undertaken by Phoenix for the community. He said he concurred with Council Member Jensen's request to schedule an update on projects and programs from Phoenix for the Council.

Council Member Oyler said he has long supported Phoenix's work in Peoria, but he said he had reservations about the location for this proposed project. He said a lot of development was happening downtown but resources like restaurants and shopping centers were not nearby. He said he would support the project because he believed Phoenix would be effective in managing it and other proposed locations had been met with opposition. He discussed challenges with homelessness in the City and the importance of addressing them.

Council Member Riggerbach agreed that continued discussions were needed to address affordable housing in Peoria, including public housing, homeless housing options, and projects like the 30 homes in the East Bluff to relocate citizens from TAFT homes. He said concerns would not be alleviated overnight, but this project was a big step in the process, and he said he would support this item.
