Project Management

Even in smaller, less complex projects, there needs to be a point of contact and someone driving a project to successful completion. CentralSquare's Implementation Methodology ensures a project has the right amount of oversight needed to successfully complete the work, no more no less. A CentralSquare Project Manager will be your point of contact for the scoped work with you to develop a timeline to meet your needs, drive the timeline to completion, work to resolve any issues that may arise during the life of the project, all while keeping you up to date so you have the peace of mind your project is on track for a successful completion

Professional Services

Throughout the course of the project, CentralSquare will use several types of services (defined herein) to complete the necessary steps for successful deployment of the contracted services. The overall services aligned to implementation include Consulting Services, Technical Services, Data Conversion Services, Training Services, and in some cases, Installation Services.
