

SITE PLAN REVIEW

RESIDENTIAL (1-4 UNITS) POINT SYSTEM

All new residential construction with 1-4 units must have at least 17 points.

Designs must also comply with all other applicable standards in the Zoning Code.

4
points

TREES

Total diameter of trees retained or planted equals 3 inches per 1,000 square feet of total lot area

4
points

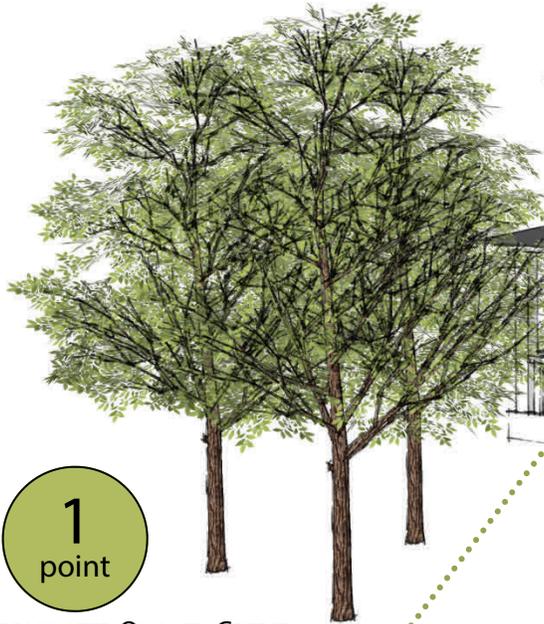

BUILDING HEIGHT

Height is within one-half story of the predominant height of residential buildings within 100

DETACHED GARAGE

At least 1 off-street parking space per dwelling unit is provided in a detached structure located entirely in the rear 40 feet or 20% of the lot (whichever is greater) and is at least 20 feet from any habitable portion of the principal structure

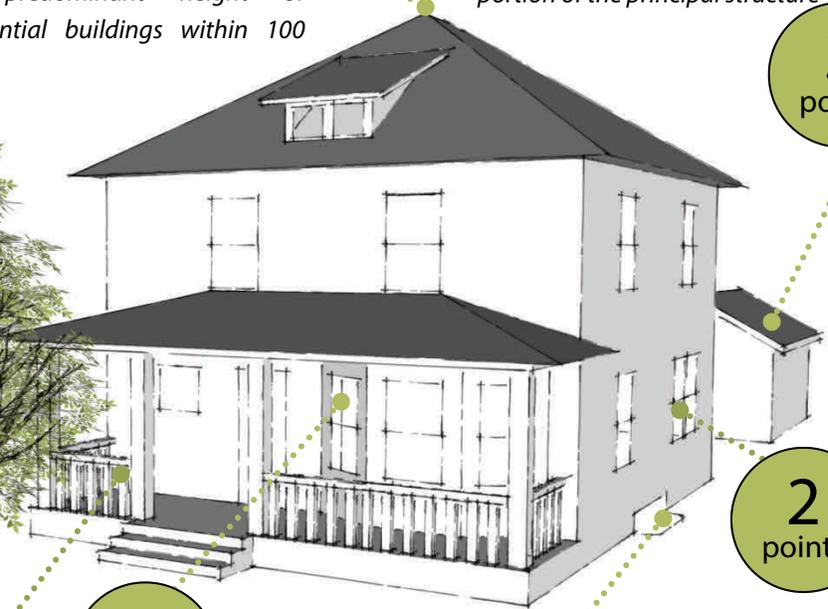

3
points

1
point

STORMWATER QUALITY CREDIT

Qualifies for and provides proof of receipt of a City of Minneapolis Stormwater Quality Credit

6
points

EXTERIOR BUILDING MATERIALS

Exterior building materials are masonry, brick, stone, stucco, wood, cement-based siding, and/or glass

3
points

BASEMENT
