ADA RAMP INSTALLATION/REPLACEMENT PROGRAM 2015

TO BE CONSTRUCTED UNDER THE PROVISIONS OF
THE CITY OF PEORIA

BID OPENING: Wednesday, July 29, 2015, 11:00 A.M.

Bid Awarded: Tues. August 11, 2015 #15-266

Scott Reese, P.E., City Engineer

**CITY OF PEORIA
CONTRACT**

This agreement, made and entered into this _____ day of _____, 2015, by and between the City of Peoria, an Illinois Municipal Corporation, Party of The First Part, and ILLINOIS CIVIL CONTRACTORS, INC., Party of The Second Part for the improvement known as the ADA RAMP INSTALLATION/REPLACEMENT PROGRAM - 2015;

WITNESSETH: That for and in consideration of the payments and agreements mentioned in the proposal hereto attached, to be made and performed by the Party of the First Part, and according to the terms expressed in the bond referring to these presents, the Party of The Second Part agrees with said Party of The First Part, at his/their own proper cost and expense to furnish and deliver all the work, materials and supplies in accordance with the specifications contained in said proposal, and in full compliance with all the terms of this agreement, for the amount of ONE HUNDRED FIFTY SEVEN THOUSAND SEVEN HUNDRED FORTY EIGHT AND 92/100 DOLLARS (\$157,748.92).

IT IS UNDERSTOOD AND AGREED that the instructions to bidders, proposal, bid, specifications, performance bond and maintenance bond are component parts of this contract and shall be deemed a part hereof. It is also understood and agreed that the contractor shall not assign, transfer, convey or otherwise dispose of this contract, or his right to execute it, or his right, title or interest in or to it or any part thereof, unless the previous written consent of the City Manager of the City of Peoria shall first be obtained thereto.

EMPLOYEE/EMPLOYMENT RESTRICTIONS – THE CONTRACTOR:

THE CONTRACTOR (hereinafter referred to as “SERVICE PROVIDER”) agrees, as a condition of accepting this contract with the City of Peoria, that, for a period of one (1) year following completion of this contract, it shall be prohibited from hiring, directly or indirectly, any City employee or official who was involved, directly or indirectly in: (1) the selection and/or recommendation to select the SERVICE PROVIDER for performance of this contract; (2) coordinating the efforts of the SERVICE PROVIDER in the consummation or completion of this contract; or (3) monitoring or determining the performance of the SERVICE PROVIDER. The SERVICE PROVIDER further acknowledges and agrees that, upon the City’s determination that a violation of this provision has occurred, the penalty imposed, at the sole discretion of the City, may include one or more of the following: (1) cancellation of any other contract(s) between the City of Peoria and the SERVICE PROVIDER; (2) disqualification of the SERVICE PROVIDER from bidding or being awarded future contracts with the City of Peoria for a period of two [2] years; and/or (3) payment of liquidated damages to the City of Peoria in the amount of TWENTY FIVE THOUSAND DOLLARS (\$25,000.00). This does not apply to any City Employee involved in the 2011-12 reduction in force; nor does it apply to parties taking the Early Retirement incentive offered by the City from November 1, 2011 through November 1, 2012.

IN WITNESS WHEREOF, the said parties have executed these presents on the date above mentioned.

We bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly to pay to the LA this sum under the conditions of this instrument.

WHEREAS THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH that, the said PRINCIPAL is submitting a written proposal to the LA acting through its awarding authority for the construction of the work designated as the above section.

THEREFORE if the proposal is accepted and a contract awarded to the PRINCIPAL by the LA for the above designated section and the PRINCIPAL shall within fifteen (15) days after award enter into a formal contract, furnish surety guaranteeing the faithful performance of the work, and furnish evidence of the required insurance coverage, all as provided in the "Standard Specifications for Road and Bridge Construction" and applicable Supplemental Specifications, then this obligation shall become void; otherwise it shall remain in full force and effect.

IN THE EVENT the LA determines the PRINCIPAL has failed to enter into a formal contract in compliance with any requirements set forth in the preceding paragraph, then the LA acting through its awarding authority shall immediately be entitled to recover the full penal sum set out above, together with all court costs, all attorney fees, and any other expense of recovery.

IN TESTIMONY WHEREOF, the said PRINCIPAL and the said SURETY have caused this instrument to be signed by their respective officers this 29th day of July A.D. 2015

GENERAL CONDITIONS

STATE OF ILLINOIS
CITY OF PEORIA

SPECIAL PROVISIONS

The following Special Provisions supplement the "Standard Specifications for Road and Bridge Construction," adopted January 1, 2012, the latest edition of the "Illinois Manual on Uniform Traffic Control Devices for Streets and Highways" in effect on the date of invitation for bids, the "Standard Specifications for Traffic Control Items," adopted January 1, 2002 and the "Supplemental Specifications and Recurring Special Provisions", adopted January 1, 2014, included herein which apply to and govern the construction of the ADA RAMP INSTALLATION/REPLACEMENT PROGRAM 2015, in the City of Peoria, Peoria County, and in case of conflict with any part of said specifications, the said Special Provisions shall take precedence and shall govern.

DESCRIPTION OF WORK

The proposed improvement consists of removing existing sidewalk, curb, curb and gutter, driveways, and driveway approaches and replacing with new sidewalk, ADA Ramps, curb, driveway, driveway approaches, curb and gutter, and all necessary adjustments, incidentals and appurtenances for the areas designated on the following prioritized ADA Ramp Location List:

ADA Ramp Location List				
Location Number	East/West Street	North/South Street	Ramp Quadrant	NOTES
1		University St.		S-curve just East of Bradley University
2	Russell St.	Underhill St.	All	All corners to be improved
3		Northtrail Dr	East	West side of 1808 W Prairie Ct, Ramp & Sidewalk for ADA connection
4	Wilhelm Rd.	Tuscany Ridge Ct.	NE.	New sidewalk and ramps at NE. Corner

11	Rock Island Ave.	Alexander Ave.	NE.	ADA ramp and sidewalk
12		Wisconsin Ave.	West	ADA Boarding and Alighting Area at Kroeger

The above list is prioritized in order with Ramp Number 1 being the highest priority location. The Contractor shall not begin construction on Ramp Number 12 without the permission of the Engineer. Calculated quantities and detailed drawings for the ADA ramp locations shown in the ADA Ramp Location List are provided in this set of bid documents. The preconstruction meeting is anticipated to occur around the third week of August, 2015. Detailed drawings and calculated quantities of the proposed ADA ramps are planned to be provided to the contractor at the preconstruction meeting. Additional ramp locations may be added or ramp locations may be deleted to meet the City of Peoria's budget.

DEFINITION OF TERMS

Section 101 of the Standard Specifications shall be revised as follows:

Article 101.14 Department. The City of Peoria or its Representative.

Article 101.16 Engineer. The designated employee or representative of the City of Peoria.

The Engineer will not be responsible for construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs.

Article 101.19 Inspector. The authorized representative of the Engineer assigned to make detailed observations or any or all portions of the work or material therefore.

This activity is not to be interpreted as an inspection service, a construction supervision service, or a guaranteeing of the Contractor's performance. The Inspector will not be responsible for construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs. The Inspector will not be responsible for the Contractor's obligation to carry out the work in accordance with the Contract Documents.

FAILURE TO COMPLETE WORK ON TIME

Should the Contractor fail to complete the work within **50 Working Days**, the Contractor shall be liable to the City of Peoria at a rate of \$750.00 per day for every day worked over the contract time to cover all costs incurred for engineering, inspection and other expenses incurred by the City of Peoria by reason of the Contractor's failure to complete the work within the specified time, and such amount shall be deducted from the monies due the Contractor, not as a penalty, but as damages sustained.

RESPONSIBILITY FOR DAMAGE CLAIMS

The Contractor shall indemnify and save harmless the CITY OF PEORIA, its officers, agents, and employees against all loss, damage or expense that it or they may sustain as a result of any suits, actions, or claims of any character brought on account of injury to or death of any person or persons, including all persons performing any work under this contract, which may arise in any way (except for a negligent act of the City of Peoria, its officers or employees) in connection with the work to be performed under this contract, including but not limited to, suits, actions or claims arising under "An Act providing for the protection and safety of persons in and about the construction, repairing, alteration or removal of building, bridges, viaducts, and other structures, and to provide for the enforcement thereof," approved June 3, 1907, (740 ILCS 150/1), as amended: the Contractor shall also indemnify and save harmless the CITY OF PEORIA, its officers and employees, from all suits, actions, or claims of any character brought because of any injuries or damages received or sustained by any person, persons, or property, on account of, or in consequence of, any neglect by Contractor or a Subcontractor in safeguarding the work; or through use of unacceptable materials in constructing the work; or because of any act or omission, neglect, or misconduct of said Contractor; or because of any claims or amounts recovered for any infringements of patent, trademark, or copyright, or from any claims or amounts arising or recovered under the "Workers Compensation Act," or any other law,

ordinance, order, or decree, and so much of the money due the said Contractor under and by virtue of his contract as shall be considered necessary by the Department for such purposes, may be retained for the use of the ENGINEERING DIVISION; or, in case no money is due, his surety shall be held until such suits, actions, or claims have been settled and suitable evidence to that effect furnished to the Department.

QUALIFICATION OF CONTRACTORS

Contractors shall be pre-qualified before plans and proposal documents will be provided for bidding. In general, contractors pre-qualified by the State of Illinois, Department of Transportation to perform the work indicated in the proposal will be acceptable to the City of Peoria, Engineering Division; but, the City Engineer reserves the right to refuse to accept a bid from a State-qualified contractor and will state his reasons, in writing, for said refusal if requested by the contractor.

Contractors who have done similar work and an improvement of similar size for the City in the past normally are qualified by their past performances.

Contractors not qualified as indicated above shall be required to submit a listing of jobs of a similar nature with an indication of the dollar value of said jobs and the person or company for whom the work was performed so that a check of the quality of the work can be made, as well as the performance and financial ability of the contractor. The City Engineer will approve or disapprove the contractor, and the decision shall be final. If desired by the contractor, the City Engineer will provide his reasons for disapproving any contractor from bidding on the proposed improvement.

CONTRACTOR'S INSURANCE

The Contractor shall not commence work under this project until he has obtained all insurance required under this paragraph and such insurance has been approved by the City of Peoria, nor shall the Contractor allow any Subcontractor to commence work on his subcontract until all similar insurance required of the Subcontractor has been so obtained and approved by the City of Peoria.

The Contractor shall require Subcontractors, if any, not protected under the Contractor's insurance policies as an additional insured to take out and maintain insurance of such nature in amounts not less than that required of the principal Contractor, excluding Umbrella Coverage and Owner's Protective Liability and Property Damage Insurance, and any and all insurance obtained by any Subcontractor or Subcontractors shall be approved by the City of Peoria.

All policies shall contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any of the insured or additional insureds there under.

COMPENSATION INSURANCE

The Contractor shall take out and maintain during the life of this project Worker's Compensation Insurance for all of his employees employed at the site of the project and, in case any work is sublet, the Contractor shall require the Subcontractor similarly to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor, and any such insurance obtained by any subcontractor or subcontractors shall be approved by the City of Peoria. In case any class of employees engaged in hazardous work at the site of the project is not protected under the Worker's Compensation statute, the Contractor shall provide, and shall cause each Subcontractor to provide adequate insurance coverage for the protection of his employees not otherwise protected, such as accident insurance, and any such insurance shall be approved by the City of Peoria.

PUBLIC LIABILITY AND PROPERTY DAMAGE INSURANCE

The Contractor shall take out and maintain during the life of the project such General Liability, Public Liability and Property Damage Insurance as shall protect him and any Subcontractor performing work covered by this project, from claims for damages for personal injury, including accidental death, as well as from claims for property damages, which may arise from operations under this project, whether such operations be by himself or by any Subcontractors or by anyone directly or indirectly employed by either of them and the amounts of such insurance shall be as follows:

Commercial General Liability Insurance that provides Property Damage and/or Bodily Injury in an amount not less than \$1,000,000 per occurrence and \$2,000,000 aggregate.

OWNER'S PROTECTIVE LIABILITY AND PROPERTY DAMAGE INSURANCE

The Contractor shall obtain Owner's Protective Liability and Property Damage Insurance in an amount not less than \$1,000,000 per occurrence and \$2,000,000 aggregate. If endorsements to the above public liability and property damage insurance policies cannot be made, then separate policies providing such protection must be furnished by the Contractor.

AUTOMOBILE INSURANCE

The Contractor shall take out and maintain during the life of the project such automobile insurance covering all owned and non-owned vehicles as shall protect him and any Subcontractor performing work covered by this project, from claims for damages in an amount not less than \$1,000,000 Combined Bodily Injury and Property Damage.

UMBRELLA COVERAGE

The Contractor shall take out and maintain during the life of the project such Umbrella or Excess Liability coverage as shall protect him and any Subcontractor performing work covered by this project, from claims for damages in an amount not less than \$2,000,000 per occurrence and \$5,000,000 annual aggregate.

ADDITIONAL INSURED ENDORSEMENT

All Liability insurance policies shall name the City of Peoria its officers, directors, employees,

agents, representatives, subsidiaries, successors, and assigns, as additional insureds, shall be primary to any other insurance carried by the City of Peoria and shall provide coverage consistent with ISO CG 20 26, and shall maintain the required coverages, naming the City of Peoria as an additional insured, for a period of not less than three years from the date the City of Peoria and Contractor execute an Agreement to Final Quantities.

PROOF OF CARRIAGE OF INSURANCE

The Contractor and all Subcontractors shall furnish the City of Peoria with satisfactory proof of insurance coverage. This shall include an A.M. Best "A" rating before the project begins. If coverage is cancelled or the carrier's rating falls below A.M. Best "A" rated, the City of Peoria shall be notified in writing.

Certificates of insurance are required. The Certificate must state the following "The City of Peoria, its officers, directors, employees, agents, and representatives, are named as Additional Insured on a primary basis for liability arising out of the contractor's operations."

Upon request the Contractor must provide copies of the policies and endorsements, failure to provide the required certificates of insurance shall not operate to invalidate the insurance requirements under this Contract.

GUARANTEE PERIOD

The Contractor warrants all work performed under this contract is free from defects and was performed in accordance with the Contract Documents for a period of one (1) year from the date of agreement of final quantities, as agreed in writing, by the City Engineer after all parties have signed the document. In case of acceptance of a part of the work for use prior to the agreement to final quantities, the guarantee for the part so accepted shall be for a period of one (1) year from the date of such partial acceptance, in writing, by the City Engineer. Work performed due to this warranty requirement shall be guaranteed for a period of one (1) year. The Guarantee Period may be further amended in the Roadwork Special Provision.

PROSECUTION AND PROGRESS OF WORK

Special attention is called to Section 108 of the "Standard Specifications for Road and Bridge Construction," and specifically to Article 108.03, which states that the Contractor shall notify the Engineer at least twenty-four (24) hours in advance of either discontinuing or resuming operations.

If an Engineer or an Inspector for the City of Peoria Engineering Division is not on the job and notification as required has been given, the contractor in charge of the work shall immediately notify the Engineering Division that work has been resumed and request that the Project Engineer in charge of work for the City Engineering Division be notified.

Work performed without proper notification to the City Engineering Division as indicated herein may be rejected by the Engineer for the City of Peoria and no compensation will be made for said work. In addition, the contractor may be required to remove the item of construction at its own expense and replace the item of construction in accordance with the plans and specifications.

EXISTING UNDERGROUND FACILITIES

The City of Peoria assumes no responsibility for the presence, specific size or location of underground distribution systems of the several public utility corporations. No responsibility for the protection of said underground systems will be assumed by the City of Peoria unless such protection is incidental to the protection of the municipally-owned property of the City of Peoria. If such protection is found to be necessary to water mains, gas mains, steam mains, underground electrical distribution systems, underground telephone circuit systems or any other underground systems of non-municipal ownership, the cost of same, in whole or in part, is disclaimed by the City of Peoria.

COOPERATION WITH UTILITY COMPANIES

It is understood and agreed that the contractor has considered, in his bid, all the permanent and temporary utility appurtenances in their present or relocated positions and that no additional compensation will be allowed for any delays, inconvenience or damage sustained by him due to any interference from the said utility appurtenances or the operations of moving them.

All telephone, cableway, gas, water and wire lines, within the limits of the proposed construction owned by various utility companies, are to be moved by the owners of the particular utility involved at the owner's expense.

NOTIFICATION OF UTILITIES PRIOR TO CONSTRUCTION

All utility companies must be notified by the Contractor, in writing, at least one (1) week in advance prior to starting construction so that they will have adequate time to locate and mark their utility locations in the field and twenty-four (24) hours prior to commencing actual construction work. All utility companies must be notified so that they may have personnel on the job site to assist in locating their utility lines and avoid damage to their utilities. Specifically, AmerenCILCO, Comcast Communications, SBC, McLeod Communications and the Illinois-American Water Co., have requested that they be notified prior to the start of construction. A copy of the letter notifying the utility companies of the Contractor's intention to start work must be received by the City of Peoria Engineering Division before the Contractor will be permitted to start construction.

J.U.L.I.E. SYSTEM

The J.U.L.I.E. (Joint Utility Locating Information for Excavators) must be notified prior to starting construction, so that the respective utilities may have adequate time to locate and mark their underground facilities. Phone: 1-800-892-0123 or 811.

Since this is a Citywide program, J.U.L.I.E. will need to be notified before construction on each property.

CERTIFIED PAYROLL REQUIREMENTS

Contractors and subcontractors on public works projects must submit certified payroll records on a monthly basis to the public body in charge of the construction project, along with a statement affirming that such records are true and accurate, that the wages paid to each worker are not less than the required prevailing rate, and that the contractor is aware that filing records he or she knows to be false is a Class B Misdemeanor. The Certified Payroll Records must include, for every worker employed on the public works project, the name, address, telephone number, social security number, job classification, hourly wages paid in each pay period, number of hours worked each day, and starting and ending time of work each day. Certified payrolls are to be submitted on EPrismSoft, per the EEO guidelines outlined in Section VII of the Good Faith Efforts Requirements, herein.

PREVAILING WAGE PROVISION

The contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act as amended, the provision of Contract Work Hours and Safety Standards Act, the Copeland "Anti-Kickback" Act (40 US 276a-276a-5; 40 USC 327 and 40 USC 276c) and all other applicable Federal, state and local laws and regulations pertaining to labor standards insofar as those acts apply to the performance of this contract. The contractor shall maintain documentation which demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the City to review upon request.

The contractor agrees that all subcontractors engaged under contracts in excess of \$2,000.00 for construction, renovation or repair work financed in whole or in part with assistance under this contract, shall comply with Federal requirements adopted by the City pertaining to such contracts and with the applicable requirements of the regulations of the Department of Labor, under 29 CFR Parts 1, 3, 5 and 7 governing the payment of wages and ratio of apprentices and trainees to journey workers; provided, that if the wage rates higher than those required under the regulations are imposed by state or local law, nothing hereunder is intended to relieve the contractor of its obligation, if any, to require payment of the higher wage. The contractor shall cause or require to be inserted in full, in all such contracts subject to such regulations, provisions meeting the requirements of this paragraph.

This contract will adhere to Federal Davis-Bacon Act wages rather than State of Illinois Department of Labor rates and definitions.

It shall be the contractor's responsibility to monitor the prevailing wages and adjust his payroll accordingly as soon as any rates are revised by the Federal Department of Labor.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate

is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example:

PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination

- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION

SUBSTANCE ABUSE PREVENTION PROGRAM

Before the Contractor and any Subcontractor commences work, the Contractor and any Subcontractor shall have in place a written Substance Abuse Prevention Program for the prevention of substance abuse among its employees which meets or exceeds the requirements in P.A. 95-0635 or shall have a collective bargaining agreement in effect dealing with the subject matter of P.A. 95-0635.

The Contractor and any Subcontractor shall file with a public body: a copy of the substance abuse prevention program along with a cover letter certifying that their program meets the requirements of the Act, or a letter certifying that the Contractor or a Subcontractor has a collective bargaining agreement in effect dealing with the subject matter of the Act.

PROTECTION OF THE PUBLIC

In general, protection of the public shall be in accordance with Chapter 26, Article V of the Code of the City of Peoria, Illinois entitled "Excavation Generally," except that Sections 26-139, 26-140, 26-141 and 26-142 shall not apply.

Barricades, warning signs, and other devices shall be maintained as provided for by the City Code herein referred. The cost of any signs, barricades, or warning devices required to adequately accomplish partial or complete closure of streets shall be incidental to the item of work for which the traffic control is needed, and no additional compensation will be allowed.

ITEMS DESIGNATED FOR REMOVAL AND EXCAVATION

All removal items and excavated material remain the property of the Contractor unless otherwise indicated in the contract documents. The Contractor shall dispose of the removed items and/or excavated material outside the limits of the improvement as the Contractor may provide. Excavated material to remain on the job site shall be placed as directed by the Engineer.

CITY SIGNS

The contractor, at his own expense, shall be required, as directed by the Engineer, to relocate or remove and reinstall all street, traffic, parking, etc. signs belonging to the City within the limits of the improvement. All signs which interfere with construction operations shall be removed, stored in a place away from work, and replaced by the contractor after the improvement has been completed if they are not required for traffic control. Signs which are required for traffic control shall be reinstalled at a temporary location acceptable to the Engineer, in a workmanlike manner, visible to traffic, and maintained straight and neat for the duration of the temporary setting. Signs shall not be moved until progress of the work demands the relocation. The cost of this item shall be included in the contract unit price bid for the item of work which necessitated the removal.

BRICK REPAIRS

There will be NO brick sidewalk repairs conducted under this contract. There may be brick sidewalks replaced with concrete sidewalks. Where new concrete sidewalk will abut existing brick sidewalk the contractor will be responsible for making any necessary adjustments to the brick sidewalk to match the new concrete sidewalk. The City will provide any new brick required for the necessary adjustments. This work shall be considered incidental to the affected items of work and no additional compensation will be allowed.

TRAFFIC CONTROL & PROTECTION

Traffic control shall be in accordance with the applicable sections of the "Standard Specifications for Road and Bridge Construction," the applicable guidelines contained in the "Manual on Uniform Traffic Control Devices for Streets and Highways," these special provisions, and any special details and Highway standards contained herein and in the plans.

Special attention is called to Articles 107.09 and 107.14 of the "Standard Specifications for Road and Bridge Construction," applicable "Recurring Supplemental Specifications and Special Provisions" and the following Highway Standards relating to traffic control:

(701301-04; 701501-06; 701502-06; 701601-09; 701602-07; 701606-09; 701701-09; 701801-05; and 701901-03)

When construction operations require the closure of one lane, except turn lanes, the closure of said lane shall require the use of the specified arrow board per Standard 701901-03. The work shall be performed as directed by the Engineer.

Traffic movement should be inhibited as little as practical. Motorists should be guided in a clear and positive manner while approaching and traversing construction work areas. To ensure acceptable levels of operation, routine inspection of traffic control elements should be performed. The contractor will be required to inspect and initiate any needed maintenance to the traffic control devices on this contract. All traffic control devices shall be removed immediately when no longer needed. Construction equipment, materials and debris should be stored in such a manner as to not be vulnerable to vehicle impact, as directed by the Engineer.

The Contractor is expected to maintain a minimum of one lane open to traffic at all times for traffic. The roadway may be closed for short periods in order to offload materials. However, this operation must take place with proper traffic control signage and/or flagmen as noted in the traffic control standards contained herein. Roadway closures, regardless of duration must be coordinated with City of Peoria Police and Fire Departments. It is absolutely necessary that one lane of roadway can be used by fire, police, and other emergency vehicles at all times under all weather conditions.

The contractor shall, at all times, maintain a means for sidewalk traffic to detour the job. He shall also provide a minimum of interference to vehicular traffic and shall maintain barricades and warning signs as provided by the "Standard Specifications for Road and Bridge Construction."

The Contractor will be responsible for scheduling his operations to provide access to all businesses located along the improvement that have current access to the street. No less than one entrance to

each commercial parking lot or building shall remain open at all times during construction.

The Contractor will be responsible with scheduling garbage pick up in the neighborhood along with notifying in writing no less than 3 calendar days before removing any part of existing alleys or driveways.

Non-Conformance: If the Contractor fails to comply with the above conditions, the Engineer may suspend the Contractor's work until the Contractor is in compliance with the above conditions.

TRAFFIC CONTROL AND PROTECTION will not be paid for separately, but shall be considered incidental to the affected items of work to be done.

DAMAGE TO EXISTING TREES

All necessary precautions shall be taken to prevent damage to existing trees. Roots of two inch (2") diameter or more shall not be severed. Precautions shall be taken to prevent damage to the bark of existing trees by machinery or other means. Any damage shall be corrected as directed by the Engineer at the expense of the Contractor.

VAULTS

After the wall of the structure has been blocked (at property owner expense) and the concrete floor broke; the vault shall either be filled with flowable fill within 2" of grade and leveled with CA-6 or filled completely with granular material as directed by engineer within 10" of grade and topped with 6" of CA-6. All costs will be paid for per Article 109.04.

SAWCUTTING

Sawcutting shall be required at all locations where new concrete meets existing concrete unless otherwise approved by the Engineer. This shall be considered incidental to the item of construction involved and no additional compensation will be allowed.

CONTACT PERSON

The Consultant who will be responsible for this contract is Mohr & Kerr Engineering & Land Surveying, P.C.. Any questions you may have in reference to any portion of the bidding process can be directed to them. They will provide invoicing quantities and amounts to the Contractor after the completion of work on a monthly basis. Their phone number is 309-692-8500.

EQUAL OPPORTUNITY REQUIREMENTS

EEO CONTRACT COMPLIANCE CLAUSE

It is hereby declared to be the public policy of the City of Peoria, that it will not execute a contract for goods and/or services with any individual, business enterprise, supplier/vendor; maintain a financial relationship with any financial institution; or use the services of any labor organization or member thereof found to be in violation of the provisions of the Municipal Code for the City of Peoria, Chapter 17, Article III, Division 4, Section 17-118.

This clause covers contractors, vendors, suppliers, borrowers and/or recipients of city resources, purchasers and/or developers of city owned property, and any other individuals or entities providing goods and/or services to the City of Peoria; and are hereinafter referred to as "Contractor."

If any Contractor conducting business with the City of Peoria fails to comply with the fair employment and affirmative action provisions of Chapter 17, Article III, Division 4 of the municipal code (hereinafter Chapter 17), the city, at its option, may do any or all of the following:

- (1) Cancel, terminate, or suspend the contract in whole or in part;
- (2) Declare the contractor ineligible for further contracts for one calendar year;
- (3) The Fair Employment and Housing Commission (hereinafter FEHC), in accordance with its rules and regulations, shall have the power to impose a penalty upon any Contractor failing to comply with Chapter 17 in an amount not less than \$50.00; nor more than as provided in Chapter 1, Section 1-5 of the municipal code, for each day that the Contractor fails to comply, upon a specific finding of such violation. The FEHC may order a Contractor found guilty of failure to comply with the provisions of Chapter 17 to pay all or a portion of the legal costs incurred by the city as a result of prosecution of such violations. Penalties assessed under this clause may be recovered from the Contractor by setoff against unpaid portion of the contract price; and
- (4) Such other sanctions as may be imposed by the FEHC pursuant to the provisions of Chapter 17 and other applicable ordinance provisions of the municipal code.

During the performance of this contract, the Contractor agrees:

- (A) That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual harassment, ancestry, national origin, place of birth, age, or a physical and/or mental disability which would not interfere with the efficient performance of the job in question. The contractor/vendor will take affirmative action to comply with the provisions of Peoria City Code, Chapter 17 and will require any subcontractor to submit to the City of Peoria a written commitment to comply with this division. The Contractor will distribute copies of this commitment to all persons who participate in recruitment, screening, referral, and selection of job applicants, prospective job applicants, members, or prospective contractors.

The Contractor agrees that the provisions of Chapter 17, of the Municipal Code of the City of Peoria is hereby incorporated by reference, as if set out verbatim

- (B) That it will examine each one of its workforce job classifications to determine if minorities and/or females are underutilized; and it will take appropriate affirmative action steps to rectify such identified underutilization.
- (C) That if it hires additional employees in order to perform this contract or any portion thereof, it will determine the availability of minority and females in the area(s) from which it may reasonably recruit; and every good faith effort will be made in its selection process to minimize or eliminate identified areas of minority and/or female underutilization for each job classification for which there are employment opportunities.

- (D) That during the performance of this contract, the Contractor will maintain its eligibility status to conduct business with the City of Peoria under the provisions of the EEO certification registration program.
- (E) That in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, sex, religion, national origin, age, or physical and/or mental disability.
- (F) That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining agreement or understanding, a notice advising such labor organization or representative of the Contractor's obligations under Chapter 17. If any such labor organization or representative fails or refuses to cooperate with the Contractor in its efforts to comply with Chapter 17, the Contractor will promptly so notify the Equal Opportunity Office (hereinafter EOO) and/or the FEHC for the City of Peoria.
- (G) That it will submit reports as required and furnish all relevant information as may from time to time be requested the EOO and/or the FEHC.
- (H) That it will permit access to all relevant books, records, accounts and work sites by EOO staff members for purposes of investigation to ascertain compliance with Chapter 17.
- (I) That it will include verbatim or by reference the provisions of Section 17-120 of Chapter 17 so that such provisions will be binding in the same manner as with other provisions of this contract. The Contractor will be liable for compliance with applicable provisions of this clause by all its subcontractors; and further, it will promptly notify the EOO and/or FEHC in the event any subcontractor fails or refuses to comply therewith. In addition, no Contractor will utilize any subcontractor declared by the EOO and/or FEHC to be non-responsive and therefore, ineligible for contracts or subcontracts with the City of Peoria.
- (J) That during the performance of this contract, the Contractor agrees: that it will have written sexual harassment policies that shall include, at a minimum, the following information: (i) the illegality of sexual harassment; (ii) the definition of sexual harassment under state law; (iii) a description of sexual harassment utilizing examples; (iv) the contractor's internal complaint process including penalties; (v) the legal recourse, investigative and complaint process available through the Illinois Department of Human Rights and the Human Rights Commission; (vi) directions on how to contact the Department of Human Rights and the Commission; and (vii) protection against retaliation as provided by Section 6-101 of this Act (Public Act 87-1257). A copy of the policies shall be provided to the Illinois Department of Human Rights or the City of Peoria upon request.
- (K) That during the performance of this contract, the Contractor agrees that they do not and will not maintain or provide for their employees, any segregated facilities at any of their establishments, or permit employees to perform their services at any location under their control where segregated facilities are maintained.

As used in this document, the term segregated facilities means any waiting rooms, work areas, rest rooms and wash rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, religion, color, national origin, because of habit, local custom, or otherwise.

(Revised 01/04)

MINORITY AND WOMEN'S BUSINESS ENTERPRISE (M/WBE) PARTICIPATION

REQUIREMENTS FOR GOOD-FAITH EFFORTS (Projects exceeding \$50,000)

Description of Program

- A. It is the policy of the City of Peoria to encourage participation of M/WBE's on all city-funded construction projects. In complying with this clause bidders are required, when subcontracting opportunities are available, to make a good-faith effort to meet the goals established for M/WBE participation. The participation goals are cited in Section VI on the Subcontractor Utilization Statement.
- B. Failure to submit the documentation requested in Sections II and III of this document may cause (1) the bid to be rejected and determined non-responsive; (2) subject the bidders to the sanctions described in Section VIII.

Pre-Bid Efforts when Awarding Subcontracts

- A. Bidders are required to contact and solicit, in writing, bids from M/WBEs for available subcontracting. In seeking solicitations, bidders are to identify the portion(s) of work to be subcontracted and offer to break down any portion(s) of work into economically feasible units in order to facilitate M/WBE participation. Bidders also are to provide the name of a specific contact person in their notice to the M/WBEs. Contact shall be made prior to bid opening. The name of each company contacted, the date and method must be submitted with bid documents.

The low bidder shall provide to the City of Peoria, upon request, copies of faxes, letters, and e-mails sent to M/WBEs

- B. Bidders who are a MBE or WBE are not exempt from soliciting bids for available subcontracting. The bidder is required to contact, in writing, firms that will help the bidder meet the participation goal for the targeted group opposite to which the bidder belongs. If the bidder is identified as both a MBE and WBE, the participation goals shall be deemed to have been met.

In seeking solicitations, bidders are to identify the portion(s) of work to be subcontracted and offer to break down any portion(s) of work into economically feasible units in order to facilitate M/WBE participation. Bidders also are to provide the name of a specific contact person in their notice to the M/WBEs. Contact shall be made prior to bid opening. A list containing the name of each company contacted, the date and method must be submitted with bid documents.

The low bidder shall provide to the City of Peoria, upon request, copies of faxes, letters, and e-mails sent to M/WBEs.

III. Good-Faith Efforts Documentation when Utilizing Subcontractors

- A. All Bidders must provide proof of its compliance with the pre-bid requirements and good-faith efforts to the City. Both the pre-bid documentation and the support documentation requested below must be submitted with bid documents.
 - 1. All Bidders must submit a properly completed “**Subcontractor Utilization Statement.**” All Bidders must provide the scope of work to be performed, the dollar amount to be paid, and the percentage amount of the contract for each company listed.
 - 2. All Bidders must submit a list of qualified M/WBE’s who submitted proposals but will not be utilized. This list must include a justification for not accepting the proposed bid.
- B. Disputes arising from the enforcement of these requirements will be resolved by the Equal Opportunity Office.

IV. Waiver Requirements When Self-Performing All Work

- A. All bidders will make every effort to make subcontract opportunities available to M/WBEs. However, if such an opportunity cannot be made available, the Bidder must seek a waiver by submitting “**M/WBE Participation Waiver Request.**” The waiver request must be submitted to the City of Peoria with bid documents.
- B. For the M/WBE waiver request to receive consideration, the following supportive documentation that applies must accompany the form:
 - 1. A narrative describing the Bidder’s good faith efforts to secure M/WBE participation prior to bid opening.
 - 2. A notarized affidavit attesting the Bidder did not receive inquiries or proposals from qualified M/WBEs in response to the required notification prior to bid opening.

3. A written explanation for why the Bidder believes no subcontracting opportunities exist. ***If the City of Peoria determines that the explanation is insufficient it reserves the right to halt the bid award process to request additional information from the Bidder. The Bidder will receive the request for information in writing.***
4. A written explanation for why the Bidder believes it is impracticable to award any subcontract(s) on the project in question. ***If the Equal Opportunity Office determines that the explanation is insufficient it reserves the right to halt the bid award process to request additional information from the Bidder. The Bidder will receive the request for information in writing.***

V. Change In Use of Subcontractors or Self-Performance Status

Before the General Contractor can deviate from utilizing any of the subcontractors listed on the Subcontractor Utilization Statement or its declared intent to self-perform, it must submit a completed **Notification of Change in Participation** form to the City of Peoria. Upon notification construction on the project may be delayed or halted until a review is conducted by the Equal Opportunity Office.

Regarding a self-performance change, if a subcontracting opportunity has been made available, the General Contractor must identify all good faith efforts made to meet the M/WBE participation goals, unless the change was due to an emergency.

VI. Procedures for Counting M/WBE Participation toward Goals (based upon Department of Transportation regulations)

- i. When an M/WBE participates in a contract, count only the value of the work actually performed by the M/WBE toward M/WBE participation goals.
 1. Count the entire amount of that portion of a construction contract (or other contract not covered by paragraph (i)(2) of this section) that is performed by the M/WBE's own forces. Include the cost of supplies and materials obtained by the M/WBE for the work of the contract including supplies purchased or equipment leased by the M/WBE (except supplies and equipment the M/WBE subcontractor purchases or leases from the prime contractor or its affiliate).
 2. Count the entire amount of fees or commissions performed by an M/WBE firm towards M/WBE goals if that firm provides the

Apparent Low Bidder a bona fide professional, technical, consultant, or managerial service or provides bonds or insurance specifically required in a City of Peoria contract.

3. If an M/WBE subcontracts a portion of its work to an M/WBE, 100% of the value of the subcontracted work may be counted toward the M/WBE goal, but any portion of the work the M/WBE subcontracts to a non-M/WBE does not count toward the M/WBE goal.
- ii. When an M/WBE participates in a joint venture on a City contract, only count the dollar value of the portion of the work that the M/WBE performs with its own forces toward M/WBE goals.
 - iii. Count expenditures to an M/WBE contractor toward M/WBE goals if, and only if, the M/WBE is performing a commercially useful function on that contract.
 1. An M/WBE performs a commercially useful function when it is responsible for performing, managing, and supervising its contracted work; moreover, with respect to materials and supplies used on the contract, it must also be responsible for negotiating its price, and purchasing and managing those supplies.
 2. An M/WBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of M/WBE participation. It should be noted that an effort contrived to give the appearance of M/WBE participation is not considered a good faith effort and is considered an ethical violation that is subject to sanctions outlined in section V.
 3. If an M/WBE does not perform or exercise responsibility for at least 30% of the total cost of its contract with its own work force, you must presume that it is not performing a commercially useful function and the dollar amount of that work will not count toward the M/WBE goals.
 4. When an M/WBE is presumed the City of Peoria not to be performing a commercially useful function as provided in paragraph (iii)(3) of this section, the M/WBE may present evidence to rebut this presumption. Your rebuttal is subject to review by the City of Peoria.

iv. Use the following factors in determining if an M/WBE trucking company is performing a commercially useful function:

1. The M/WBE trucking company must manage and supervise the trucking work it is being paid to perform. A contrived arrangement for the purpose of giving the appearance of meeting M/WBE goals is not considered a good faith effort.

2. The M/WBE trucking company must own and operate at least one fully licensed, insured, and operational truck used on the contract.

3. The M/WBE trucking company receives credit for the total dollar value of the transportation services it provides on the contract using trucks it owns, insures, and operates.

4. The M/WBE trucking company may lease trucks from another M/WBE trucking firm, including an owner-operator who is certified as an M/WBE. The M/WBE who leases trucks from another M/WBE receives total credit for the dollar value of the transportation services the M/WBE trucking lessee provides on the contract.

5. The M/WBE trucking company may also lease trucks from a non-M/WBE trucking firm, including an owner-operator. The M/WBE who leases trucks from a non-M/WBE is only entitled to credit for the fee or commission it receives as a result of the lease arrangement. The M/WBE does not receive credit for the total dollar value of the transportation services provided by the lessee since these services are not provided by an M/WBE.

6. A lease agreement with an M/WBE trucking firm must indicate that the M/WBE has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the M/WBE, so long as the lease gives the M/WBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the M/WBE.

v. Count expenditures with M/WBEs for materials and supplies toward M/WBE goals in the following manner:

1. If the materials or supplies are obtained from an M/WBE manufacturer, count 100% of the cost of the materials or supplies toward M/WBE goals.

Note: For purposes of this paragraph (v)(1), a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.

2. If the materials or supplies are purchased from an M/WBE regular dealer, count 60% of the cost of the materials or supplies toward M/WBE goals.

Note: For purposes of this section, a regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are brought, kept in stock, and regularly sold or leased to the public in the usual course of business.

(A) To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.

(B) A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as provided in this paragraph (v)(2), if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis.

(C) Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers within the meaning of the paragraph (v)(2).

3. If materials or supplies are purchased from an M/WBE which is neither a manufacturer nor a regular dealer, count only 5% of the contract amount toward the M/WBE goals.

VII. Record Keeping and Reporting

- A. The General Contractor and subcontractors agree to maintain records demonstrative of its good faith efforts to comply with the participation goals attached to the project. This would include, but not limited to, names of M/WBEs and non-minority firms awarded subcontracts, including dollar amount of the contract, payments to subcontractors, and weekly certified payroll reports. These records shall be made available to the City of Peoria.

- B. All information will be provided through ePrismSoft, an electronic web based compliance tracking software. Access to ePrismSoft has been furnished by the City of Peoria. To activate access, the General Contractor and subcontractors must contact Human Capital Development at webnfo@eprismsoft.com or 309/692-6400.

VIII. Sanctions

- A. The Equal Opportunity Office may recommend the rejection of the apparent low bid where the information submitted by the Apparent Low Bidder fails to objectively demonstrate compliance with the M/WBE Good-Faith Efforts requirements. The Apparent Low Bidder will be notified of this decision and the reasons in writing. The Apparent Low Bidder may request a hearing within five (5) business days of this notice. The request must be submitted to the Equal Opportunity Office. The hearing will be held no later than seven (7) business days after receipt of request. The City Manager or designee will conduct all hearings.
- B. Upon a finding that any party has not complied with the provisions of this clause, any one or a combination of the following actions may be taken:
 - 1. Declare the Apparent Low Bidder non-responsive and therefore ineligible for contract award.
 - 2. Declare the Apparent Low Bidder ineligible for further contracts for a calendar year.
 - 3. File a formal complaint against Apparent Low Bidder, and/or subcontractor with the Fair Employment and Housing Commission.

ROADWORK SPECIAL PROVISIONS

SALVAGING EXISTING MATERIAL

All existing municipally owned street castings, millings and pavement brick, in usable condition within the limits of the improvement shall, if not required for further use in the construction of the improvement, be carefully excavated and preserved by the Contractor. Sidewalk brick shall not be considered pavement brick and the contractor will have the salvage rights to the sidewalk brick removed. Said street castings, millings, and pavement brick shall be separated from other removal materials and hauled by the Contractor to the City's yard on Darst Street. The Contractor shall contact David Haste at 309-494-8861, in advance of hauling salvaged materials to the City's yard on Darst Street.

The cost of salvaging and hauling existing municipally owned street castings, millings and pavement brick, as outlined herein, will not be paid for separately, but the cost shall be included in the contract unit price for the item of construction involved.

CONSTRUCTION DEBRIS

In accordance with Public Act 90-761, the following shall be added to the third paragraph of Article 202.03 of the "Standard Specifications for Road and Bridge Construction":

The Contractor shall not conduct any generation, transportation, or recycling of construction or demolition debris, clean or general or uncontaminated soil generated during construction, remodeling, repair, and demolition of utilities, structures, and roads that is not commingled with any waste, without the maintenance of documentation identifying the hauler, generator, place of origin of the debris or soil, the weight or volume of the debris or soil, and the location, owner, and operator of the facility where the debris or soil was transferred, disposed, recycled or treated. This documentation must be maintained by the Contractor for 3 years.

This documentation shall be included in applicable item of construction and shall not be paid for separately.

EROSION CONTROL

The Contractor shall install erosion control systems as necessary or as directed by the Engineer to prevent sediment from entering the City's storm drainage system or exiting the construction area. Erosion control systems shall be installed as necessary or as directed by the Engineer prior to stockpiling of material on the project site. The Contractor shall be responsible for the cost of cleanup and damages resulting from failure to comply with this provision. This work shall be considered incidental to the affected items of work and no additional compensation will be allowed.

The Contractor shall sweep and return to the work site any soil tracked onto the street by the end of the workday or before four (4) hours has elapsed, whichever is sooner. This work shall be considered incidental to the affected items of work and no additional compensation will be allowed.

EARTH EXCAVATION

This work shall be performed in accordance with the applicable sections of the Standard Specifications for Road and Bridge Construction except for the following:

Where topsoil placement is needed, the contractor shall provide and place material suitable for growing grass. The contractor may obtain this material from stockpiled excavation within the project limits or from outside the right-of-way. No additional payment will be made for furnishing and placing topsoil, regardless of how the material is obtained.

A contingent quantity for EARTH EXCAVATION has been provided in the contract quantities to pay for removal of soil at locations where sidewalk does not currently exist. This work will be paid for at the contract unit price per CUBIC YARD for EARTH EXCAVATION; which shall include removal of soil in locations where sidewalk does not currently exist, removal of unsuitable materials, and removal for grading where indicated by the Engineer.

COMBINATION CURB AND SIDEWALK REMOVAL, SIDEWALK REMOVAL

This work shall consist of the removal of all combination curb/sidewalk and sidewalk as directed by the Engineer. This work shall be done in accordance with Section 440 of the "Standard Specifications for Road and Bridge Construction." Payment for removal and replacement will not be allowed for items removed beyond the limits of construction or those items damaged needlessly by the contractor. The cost of sawing pavement where noted or directed by the engineer shall be incidental to the item of work.

This work will be paid for at the contract unit price per SQUARE FOOT for SIDEWALK REMOVAL and COMBINATION CURB AND SIDEWALK REMOVAL; which shall include saw cutting, removing and disposing of said structure, all labor, tools, materials and equipment necessary to complete this work as specified.

CURB REMOVAL, COMBINATION CURB & GUTTER REMOVAL

This work shall consist of the removal of all existing curb as directed by the Engineer. This work shall be done in accordance with Section 440 of the "Standard Specifications for Road and Bridge Construction." Payment for removal and replacement will not be allowed for items removed beyond the limits of construction or those items damaged needlessly by the contractor. The cost of sawing pavement where noted or directed by the engineer shall be incidental to the item of work.

This work will be paid for at the contract unit price per FOOT for CURB REMOVAL and COMBINATION CURB & GUTTER REMOVAL which shall include saw cutting, removing and disposing of said structure, all labor, tools, materials and equipment necessary to complete this work as specified.

SUBBASE GRANULAR MATERIAL

This item shall be in accordance with applicable portions of Section 311 of the "Standard Specifications for Road and Bridge Construction."

Locations where existing curb, combination curb & gutter, gutter flag, sidewalk, or combination curb & sidewalk are being removed and replaced – this work shall consist of placing additional Subbase Granular Material, Type B as directed by the Engineer to prepare the sub-base to the proper elevation. This work shall be performed at the discretion of the Engineer. The thickness of aggregate required will vary. This work will be paid for at the contract unit price per TON for SUBBASE GRANULAR MATERIAL, TYPE B.

Locations where new curb, combination curb & gutter, gutter flag, sidewalk, or combination curb & sidewalk are being constructed for the first time - this work shall consist of providing a minimum of four inches (4") of Subbase Granular Material, Type B having a gradation of CA-6, compacted in place to provide the proper sub-base for curb, combination curb & gutter, gutter flag, sidewalk, and combination curb & sidewalk in accordance with the plans and as directed by the Engineer. This work will be paid for at the contract unit price per TON for SUBBASE GRANULAR MATERIAL, TYPE B.

All excavation required to prepare the sub-grade prior to placement of the granular material will not be paid for separately but included in the cost of the item the granular material is required for.

REMOVAL & DISPOSAL OF UNSUITABLE MATERIAL

This work shall be performed in accordance with section 202 of the "Standard Specifications for Road and Bridge Construction."

This work shall consist of the excavation, removal and disposal of unsuitable sub-grade material located under the curb, combination curb & gutter, gutter flag, sidewalk, and combination curb & sidewalk. This work shall be performed at the discretion of the Engineer.

This work will be paid for at the contract unit price per CUBIC YARD for REMOVAL AND DISPOSAL OF UNSUITABLE MATERIAL.

CONCRETE COLLARS

This item of work shall be done in accordance with the details in the plans and {in the presence of} the Engineer. A concrete collar shall be required when connecting new storm sewer to existing storm sewer. Material shall be Class SI concrete and collar shall be properly formed.

Payment for this item shall be at the contract unit price per cubic yard for Concrete Collar, which price shall include all labor, equipment and materials necessary.

STORM SEWERS

Revise the third paragraph of Article 550.04 with the following:

"Well compacted" approved bedding material, consisting of limestone chips, crushed stone or slag, or other granular material approved by the Engineer that can be readily and thoroughly compacted, "shall be placed the entire width of the trench and for the length of the pipe." Sand or other fine materials that have a tendency to flow under pressure when wet will not be acceptable for pipe bedding.

Add the following to Article 550.06:

When starting a sewer run from a storm sewer structure, the first pipe out of the structure shall be a full length of pipe.

Revise the second paragraph of Article 550.07 "Backfilling" to read as follows:

"The remainder of the trench and excavation shall be backfilled to the finished surface as rapidly as the condition of the sewer will permit.

The backfill material will consist of Trench Backfill (CA 6) and shall be carried out simultaneously on both sides of the pipe in such a manner that injurious side pressures do not occur. All storm sewer trenches backfilled with CA-6 shall be mechanically compacted to 95% standard density and all storm sewer trenches backfilled with earth backfill shall be mechanically compacted to 90% standard density.

The pay length for Storm Sewers shall be measured from inside wall of structure to existing pipe.

MANHOLES TO BE ADJUSTED

This work shall be done in accordance with the applicable portions of Section 602 of the Standard Specifications and in the presence of the Engineer. Work shall include the removal of the existing frame and grate and replacing it at the new finished grade. The work shall also include adjusting the height of the existing manhole.

{This work shall also include removing any adjusting rings less than 4", damaged rings or bricks and replacing them with new adjusting rings. It may be necessary to remove everything down to the original masonry. Adjusting with bricks is not allowed. For adjustments less than 2", Contractor shall use "Infra-Risers", by E.J., or approved equal. Contractors are advised to inspect these structures, prior to bidding, as this work will not be paid for separately, but shall be included in the various adjustment items.}

Payment for this item shall be at the contract unit price per each for Manholes to be Adjusted, which price shall include all labor, materials and equipment necessary.

REMOVING INLETS

This work consists of the complete removal of the existing manholes at the locations shown in the plans and in the presence of the Engineer.

The Contractor shall backfill the voids left by the removed items with compacted CA-6 backfill material. All castings shall remain the property of the City of Peoria.

The Contractor shall be responsible for assuring that the castings are not damaged during removal. The castings shall be stored on the job site and may be picked up by the City.

This work shall be paid for at the contract unit price per each for Removing Inlets and shall include all backfilling and materials and no additional compensation will be allowed.

HEAVY-DUTY HANDHOLE, PORTLAND CEMENT CONCRETE

This work shall be done in accordance with the applicable portions of Section 814 of the Standard Specifications and in the presence of the Engineer.

Payment for this item shall be at the contract unit price per each for Heavy-Duty Handhole, Portland Cement Concrete, which price shall include all labor, materials and equipment necessary.

REMOVE EXISTING HANDHOLE

This work shall be done in accordance with the applicable portions of Section 814 of the Standard Specifications and in the presence of the Engineer. Work shall include the removal of the existing handhole.

Payment for this item shall be at the contract unit price per each for Remove Existing Handhole, which price shall include all labor, materials and equipment necessary.

CONCRETE CURB, TYPE B

This work will be performed in accordance with Section 606 of the "Standard Specifications for Road and Bridge Construction."

This work will be paid for at the contract unit price per FOOT for CONCRETE CURB, TYPE B, which shall include all labor, excavation, earth backfill along the back of the curb, materials, curing compound, tools and equipment necessary to complete this work as specified. The cost will also include rubbing the face of the curb to create a clean finish.

P.C.C. COMBINATION CURB AND SIDEWALK, 4"

This work shall consist of an integrally poured Portland cement concrete combination curb/sidewalk as in accordance with Section 424 of the "Standard Specifications for Road and Bridge Construction" and the IDOT Standard for Combination Concrete Curb & Sidewalk 4". This work shall also consist of an integrally poured Portland cement concrete side curb on the back or front side of side of the sidewalk.

The basis of payment shall be the area in square feet of the top surface of the curb and sidewalk for each property and will not include the front finished face of curb.

This work will be paid for at the contract unit price per SQUARE FOOT for P.C.C. COMBINATION CURB AND SIDEWALK, 4" which shall include all labor, excavation, earth backfill along the back of sidewalk, materials, curing compound, tools and equipment necessary to complete this work as specified.

P.C.C. SIDEWALK, 4"

This work will be performed in accordance with Section 424 of the "Standard Specifications for Road and Bridge Construction" and City Standards.

The method of measurement shall be the total exposed surface area of the walk in square feet for each property.

This work will be paid for at the contract unit price bid per SQUARE FOOT for P.C.C. SIDEWALK, 4"., which shall include all labor, excavation, earth backfill along the sidewalk, curing compound, tools and equipment necessary to complete this work as specified.

COMBINATION CONCRETE CURB & GUTTER

This work shall be in accordance with Section 606 of the Standard Specifications, special details included with the contract documents, and as directed by the Engineer. The combination curb & gutter shall be formed on both the front and back, and the curb portion shall have the same curved face as the existing curb. A minimum of one expansion joint shall be installed per each section of curb & gutter replacement and as detailed in the plans.

As soon as the concrete has cured enough so as to not cause marring or other damage to the concrete, the Contractor shall saw-cut contraction joints in the curb at intervals not to exceed 15'. When combination concrete curb and gutter is poured adjacent to the sidewalk, the Contractor shall ensure that the expansion and contraction joints match the sidewalk joints to prevent random cracking.

This work shall be paid for at the contract unit price per FOOT for COMBINATION CONCRETE CURB & GUTTER, regardless of the type required, which shall include all labor, excavation, earth backfill, curing compound, material, & equipment necessary to complete the work. Curing compound shall be applied to all exposed surface and will be considered incidental to this item of work.

INCIDENTAL HOT-MIX ASPHALT SURFACING (SPECIAL)

This item will be constructed in accordance with section 408 of the "Standard Specifications for Road and Bridge Construction", except that all necessary BITUMINOUS MATERIALS (PRIME COAT) and AGGREGATE (PRIME COAT) will be included in the cost of this item. The work will consist of sawing and milling a minimum of 3" in depth and one foot from the face of curb or outside edge of gutter flag, in the areas disturbed during removal, disposal of asphalt, grading and compacting base if necessary, applying the prime coat, and placing 3" of Hot-Mix Asphalt Surface Course. This work will also consist of placing concrete base course or aggregate base course at the direction of the engineer if needed to fill the void between the new sidewalk and existing pavement. This work will not be paid for separately but included in the cost of the Incidental Hot-Mix Asphalt Surfacing (Special).

The work will be paid for at the contract unit price per SQ FT for INCIDENTAL HOT-MIX ASPHALT SURFACING (SPECIAL), which shall include all saw cutting, removal, prime, concrete base course, aggregate base course, excavation, labor, tools, materials and equipment necessary to complete the work as specified.

CURING COMPOUND

This item shall be furnished and applied in accordance with Article 1020.13 of the "Standard Specifications" except as herein provided.

Curing Compound shall be applied to all exposed Portland Cement Concrete Surfaces.

*This work will **not** be paid for separately but shall be included in the cost of the item of the construction bid.*

CONCRETE FIBERS

The contractor may use micro-fibers in lieu of the welded wire mesh. The micro-fibers and dosage rate shall be approved by the engineer prior to use. The dosage rate shall meet the recommendations of the supplier. The micro-fibers shall be supplied by an IDOT approved supplier of synthetic fibers.

Concrete fibers will not be paid for separately but shall be included in the cost of the concrete item.

SEEDING AND MULCHING

This work shall consist of broadcasting Class I (Lawn Mixture) seed over all earthen areas disturbed by construction in accordance with Article 250 of the Standard Specifications. All seeded areas shall immediately be mulched using Method 1 in accordance with Article 251 of the Standard Specifications.

Seeding and Mulching will **not** be paid for separately, but shall be considered incidental to the construction contract.

SIDEWALK RAMPS FOR THE DISABLED

Sidewalk ramps shall be constructed per ADA and PROWAG requirements. Details of ramps are per Highway Standard 424001-07, 424006-01, 424011-01, 424016-02, 424021-01, 424026-01, and 424031-01. Any variation in the shape of curbs and sidewalk or needed landscaping of dirt at a corner to accommodate ramps for the handicapped shall not be paid for separately, but shall be considered incidental to the item of construction involved.

This work will be paid for at the contract unit price per SQUARE FOOT of P.C.C. COMBINATION CURB & SIDEWALK, 4" or P.C.C. SIDEWALK 4."

Any side curb poured integrally with a ramp will be paid for at the contract unit price per SQUARE FOOT OF P.C.C. COMBINATION CURB & SIDEWALK 4". The square footage will not include the exposed vertical surface areas of the side curbs.

Concrete Curb, Type B & Combination Concrete Curb & Gutter along the roadway will be paid for at the contract unit price per FOOT. Detectable warnings will be paid for at the contract unit price per SQUARE FOOT. There shall be a minimum of four inches of concrete placed below the detectable warning panels.

DETECTABLE WARNINGS

This work shall consist of a 24-inch strip of the Federal Standard color 30166, brick red, as its standard of detectable warning in the direction of travel and shall extend the full width of the curb ramp or flush surface. This work shall conform to the details given in the plans and in accordance with Section 424 of the "Standard Specifications for Road and Bridge Construction".

Detectable warnings shall be installed at all designated ADA ramps per the appropriate IDOT curb ramp standard.

The following will be the acceptable construction techniques.

1. Cast-in-Place truncated dome ramps must be formed with a rigid mold. Every area of the tool shall be tamped directly above the stamp to form a uniform appearance. The concrete used shall be Class X (SI) concrete that has the Federal Standard color 30166, brick red, the entire depth. Broadcasting brick red dye or painting the sidewalk brick red **will not** be acceptable methods.
2. DetecTile PFC Composite truncated dome panels. Panels must be the Federal Standard color 22144, brick red. Panels shall be placed within the Class X (SI) concrete. They shall have a minimum of four anchors per ceramic panel to secure the panels to the concrete ramp.
3. Armor-Tile Tactile Systems manufactured Diamond-Hard Vitrified Polymer truncated panels. Panels must be the Federal standard color 22144, brick red.
4. Pre-Cast concrete truncated dome ramp panels. The panels shall be a minimum of 2-inches thick with the entire depth consisting of Class X (SI) concrete that is Federal Standard color 22144, brick red. The pre-cast panels shall have wire mesh or fiber mesh reinforcement. Tapered edges or holes so that dowel reinforcement rod can be placed within the insert shall be acceptable methods. These shall be placed before placing the rest of the ramp so that they are tightly secured into place.

Final determination of acceptability shall be the responsibility of the construction engineer.

THESE FOUR METHODS ARE THE ONLY ACCEPTABLE MEANS FOR TRUNCATED DOME RAMPS WITHIN THE CITY OF PEORIA.

Detectable Warnings will be paid for at the contract unit price per square foot of surfacing, which shall include all labor, tools, materials and equipment necessary to complete the work as specified.

TIMBER RETAINING WALL

1. Description
 - A. Work includes furnishing and installing timber retaining walls to the lines and grades shown on the plans and/or to the satisfaction of the Engineer in accordance with Section 507 of the Standard Specifications for Road and Bridge Construction.
2. Timber & Galvanized Spikes Specifications
 - A. The timbers shall be pressure treated, according to Article 1007 of the Standard Specification for Road and Bridge Construction. Minimum thickness shall be 6". If the wall is greater than 3.5' high, consult a Structural or Geotechnical Engineer. The spike shall be of sufficient length to secure timbers together.

- B. The construction of the timber retaining wall shall conform to the dimensions shown in the plans or as directed by the Engineer.
 - C. Timber tiebacks shall be placed at 8' O.C. and shall be a minimum of 4' long spiked to the wall.
 - D. Permeable backfill shall be placed behind the wall. One timber shall be installed below finished grade on a compacted and level sub base.
 - E. Spikes shall be galvanized in accordance with the applicable sections of Article 1000 of the Standard Specifications. The spikes shall be of sufficient length to secure timbers together.
3. Backfill and Drainage Specifications
- A. Backfill material to consist of open graded aggregate 1" nominal size. The backfill should be placed to within 4" from the top of wall to the bottom of the subgrade. Backfill shall be placed in accordance with the requirements of Article 502.10.
 - B. P.C.C. Sidewalk, 4" will be placed adjacent to the wall and backfill material.
 - C. 2" Weep hole spacing between timbers shall be placed at sidewalk finished grade.
4. Basis of Payment
- All equipment and labor required to perform this work will be paid for at the unit price per SQUARE FOOT of TIMBER RETAINING WALL.

TIE BARS & DOWEL BARS

All tie bars required for sidewalk, curb, or pavement will not be paid for separately but included in the cost of the item the tie bars are required for. Any dowel bars required will not be paid for separately but included in the cost of the item required for.

Workforce Profile Definitions

Definition of employee - For purposes of this form, an "employee" is an individual performing services for remuneration for the employer. Only full-time employees are to be reported.

Description of Race/Ethnic - Race/ethnic designations as used by the Department do not denote scientific definitions of anthropological origins. For the purposes of this report, an employee may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person should be counted in more than one race/ethnic group. They are:

"White (Not of Hispanic Origin)" All persons having origins in any of the original peoples of Europe, North Africa, or the Middle East.

"Black or African-American" (Not of Hispanic Origin). All persons having origins in any of the Black racial groups of Africa. "

"Hispanic or Latino" All persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

“Asian or Pacific Islander” All persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, India, Japan, Korea, the Philippine Islands, and Samoa.

“American Indian or Alaskan Native” All persons having origins in any of the original peoples of North America, and who maintain

Definition of categories - Each employee should be counted in only one job category. Select the category containing the jobs most similar to that performed by the employee. The jobs listed in each category are intended to provide examples, not a complete list, of all job titles falling into that category.

“Officials and Managers” Occupations requiring administrative and managerial personnel who set broad policies, exercise overall responsibility for execution of these policies, and direct individual departments or special phases of a firm's operations. Includes: officials, executives, middle management, plant managers, etc.

“Professionals” Occupations requiring either college graduation or experience of such kind and amount as to provide a comparable background. Includes: accountants and auditors, airplane pilots and navigators, architects, artists, scientists, designers, dietitians, editors, engineers, lawyers, librarians, mathematicians, registered professional nurses, etc.

“Technicians” Occupations requiring a combination of basic scientific knowledge and manual skill which can be obtained through 2 years of post high school education, such as is offered in many technical institutes and union colleges, or through equivalent on-the-job training. Includes: computer programmers, drafters, engineering/mathematical/scientific aides, licensed/practical/vocational nurses, photographers, radio operators, etc.

“Sales” Occupations engaging wholly or primarily in direct selling. Includes: advertising agents and sales workers, insurance agents and brokers, real estate agents and brokers, stock and bond sales workers, demonstrators, sales workers and sales clerks, grocery clerks, and cashiers/checkers, etc.

“Office and Clerical” Includes all clerical-type work regardless of level of difficulty, where the activities are predominantly non-manual though some manual work not directly involved with altering or transporting the products is included. Includes: bookkeepers, collectors (bills and accounts), messengers and office helpers, office machine operators (including computer), shipping and receiving clerks, stenographers, typists and secretaries, telegraph and telephone operators, etc.

“Craft Workers (skilled)” Manual workers of relatively high skill level having a thorough and comprehensive knowledge of the processes involved in their work. Exercise considerable independent judgment and usually receive an extensive period of training. Includes: the building trades, hourly paid supervisors/lead operators not members of management, mechanics, skilled machinists, electricians, compositors/typesetters/engravers, etc.

“Operatives (semiskilled)” Workers who operate machine or processing equipment or perform other factory-type duties of intermediate skill level which can be mastered in a few weeks and require only limited training. Includes: apprentices (auto/plumbing/bricklaying/carpentry/electrical/machinist/mechanical/building trade/metalworking/printing trades, etc.)

MINORITY AND WOMEN BUSINESS ENTERPRISE DIRECTORY

To assist Bidders in their outreach efforts, the City of Peoria has developed a Minority and Women Business Enterprise (M/WBE) directory. Go to the City's website at <http://www.peoriagov.org/equal-opportunity/minority-and-women-business-enterprise-mwbe-directory/> to view the directory.

EQUAL EMPLOYMENT OPPORTUNITY

To be awarded a contract all Suppliers, Vendors and Contractors to the City of Peoria must be registered in the City of Peoria's Contract Compliance Program and have a current EEO Certification Number. This program is unrelated to any State or Federal program. To obtain or renew a number, an Employer Report Form CC-1, a copy of your company's sexual harassment policy statement, if a first time applicant and a Fifty-dollar (\$50.00) processing fee must be submitted to the City of Peoria. Go to the City's website at <http://www.peoriagov.org/equal-opportunity/> to obtain the form and instructions page.

Note: Suppliers, Vendors and Contractors do not need an EEO Certification Number to submit a bid proposal. However, it is required prior to the award of the contract.

MINORITY AND FEMALE WORKFORCE UTILIZATION

The City of Peoria is committed to ensuring our construction projects offer equal employment opportunity to all the citizens we serve. The Prime Contractor and all of its subcontractors are to make a good faith effort to comply with the following goals for minority and female workforce utilization.

1. Eighteen (18) percent of the total hours worked, per trade, should be performed by minority workers.
2. Three (3) percent of the total hours worked, per trade, should be performed by female workers.

Each contractor must maintain certified payroll records verifying the hours worked by minority and female workers. These records must be provided to the City of Peoria. For directions on submitting this information, see Minority and Women's Business Enterprise (M/WBE) Participation Requirements for Good-Faith Efforts, Section VII.

CITY OF PEORIA
SAMPLE CONTRACT

This agreement, made and entered into this _____ day of _____, 2015, by and between the City of Peoria, an Illinois Municipal Corporation, Party of The First Part, and _____, Party of The Second Part for the improvement known as the _____;

WITNESSETH: That for and in consideration of the payments and agreements mentioned in the proposal hereto attached, to be made and performed by the Party of the First Part, and according to the terms expressed in the bond referring to these presents, the Party of The Second Part agrees with said Party of The First Part, at his/their own proper cost and expense to furnish and deliver all the work, materials and supplies in accordance with the specifications contained in said proposal, and in full compliance with all the terms of this _____ agreement, for the _____ the amount of _____ (\$ _____).

IT IS UNDERSTOOD AND AGREED that the instructions to bidders, proposal, bid, specifications, performance bond and maintenance bond are component parts of this contract and shall be deemed a part hereof. It is also understood and agreed that the contractor shall not assign, transfer, convey or otherwise dispose of this contract, or his right to execute it, or his right, title or interest in or to it or any part thereof, unless the previous written consent of the City Manager of the City of Peoria shall first be obtained thereto.

EMPLOYEE/EMPLOYMENT RESTRICTIONS – THE CONTRACTOR:

THE CONTRACTOR (hereinafter referred to as "SERVICE PROVIDER") agrees, as a condition of accepting this contract with the City of Peoria, that, for a period of one (1) year following completion of this contract, it shall be prohibited from hiring, directly or indirectly, any City employee or official who was involved, directly or indirectly in: (1) the selection and/or recommendation to select the SERVICE PROVIDER for performance of this contract; (2) coordinating the efforts of the SERVICE PROVIDER in the consummation or completion of this contract; or (3) monitoring or determining the performance of the SERVICE PROVIDER. The SERVICE PROVIDER further acknowledges and agrees that, upon the City's determination that a violation of this provision has occurred, the penalty imposed, at the sole discretion of the City, may include one or more of the following: (1) cancellation of any other contract(s) between the City of Peoria and the SERVICE PROVIDER; (2) disqualification of the SERVICE PROVIDER from bidding or being awarded future contracts with the City of Peoria for a period of two [2] years; and/or (3) payment of liquidated damages to the City of Peoria in the amount of TWENTY FIVE THOUSAND DOLLARS (\$25,000.00).

IN WITNESS WHEREOF, the said parties have executed these presents on the date above mentioned.

(CDBG) DOCUMENTS

CDBG BID INFORMATION

I. General Compliance

The contractor agrees to comply with the requirements of Title 24 of the Code of Federal Regulations, Part 570 (the Housing and Urban Development regulations concerning Community Development Block Grants (CDBG)). The contractor also agrees to comply with any other applicable Federal, State and local laws, regulations and policies governing the funds provided to be awarded under this bid.

II. Administrative Requirements

A. Audits and Inspections

All contractor records with respect to any matters covered by this bid proposal shall be made available to the City, their designee, or the Federal Government, at any time during normal business hours, as often as the City deems necessary, to audit, examine, and make excerpts or transcripts of all relevant data. Any deficiencies noted in audit reports must be fully cleared by the contractor within 30 days after receipt of notification. Failure of the contractor to comply with the above audit requirements will constitute a violation of any awarded contract and may result in the withholding of future payments.

III. Personnel & Participant Conditions

A. Civil Rights

1. Compliance

The contractor agrees to comply with Title VI of the Civil Rights Act of 1964 as amended, Title VIII of the Civil Rights Act of 1968 as amended, Section 104(b) and Section 109 of Title I of the Housing and Community Development Act of 1974 as amended, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Executive Order 11063, and Executive Order 11246 as amended by Executive Orders 11375 and 12086.

2. Nondiscrimination

The contractor will not discriminate against any employee or applicant for employment because of race, color, creed, religion, ancestry, national origin, sex, disability or other handicap, age, marital/familial status, or status with regard to public assistance. The contractor will take affirmative action to insure that all employment practices are free from such discrimination. Such employment practices include but are not limited to the following: hiring, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting agency setting forth the provisions of this nondiscrimination clause.

3. Section 504

The contractor agrees to comply with any Federal regulations issued pursuant to compliance with Section 504 of the Rehabilitation Act of 1973 (29 USC 706), which prohibits discrimination against the handicapped in any Federally assisted program.

B. Affirmative Action

1. Women/Minority Business Enterprises

The contractor will use its best efforts to afford minority and women owned business enterprises, to the maximum extent practicable, the opportunity to participate in the performance of the scope of work outlined in the bid and corresponding awarded contract. The term "minority and female business enterprise" means a business with at least 51% owned and controlled by minority group members or women. The contractor may rely on written representations by businesses regarding their status as minority and female business enterprises in lieu of an independent investigation.

The prime contractor agrees to take all necessary affirmative steps to assure that:

- Small and minority firms, and women's business enterprises are on subcontractor solicitation lists.
- Small and minority firms, and women's business enterprises are subcontractor solicited whenever they are potential sources.
- That total requirements and delivery schedules are divided into smaller tasks, when economically feasible, to permit maximum participation by small and minority firms, and women's business enterprises.
- The services of the Small Business Administration and Minority Business Development Agency are used.

2. Access to Records

The contractor shall furnish and cause each of its own subcontractors to furnish all information and reports required hereunder and will permit access to its books, records and accounts by the City, HUD or its agent, or other authorized Federal officials for purposes of investigation to ascertain compliance with the rules, regulations and provisions stated herein.

3. Notifications

The contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising the labor union or worker's representative of the contractor's commitments hereunder, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

4. Subcontract Provisions

The contractor will include the civil rights and affirmative action provisions in every subcontract or purchase order, specifically or by reference, so that such provisions will be binding upon each of its own subcontractors.

5. Use of Debarred, Suspended or Ineligible Contractors or Subcontractor

The contractor shall not, either directly or indirectly, employ, award contracts to, or other engage the services of or fund any contractor or subcontractor who is in a period of debarment, suspension, or placement in ineligible status under the provision of 24 CFR part 24.

C. Employment Restrictions

1. Prohibited Activity

The contractor is prohibited from using funds provided herein or personnel employed in the work of the project for: political activities; sectarian or religious activities; lobbying, political patronage, and nepotism activities.

2. Labor Standards

The contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act as amended, the provisions of Contract Work Hours and Safety Standards Act, the Copeland "Anti-Kickback" Act (40 USC 276a-276a-5; 40 USC 327 and 40 USC 276c) and all other applicable Federal, State and local laws and regulations pertaining to labor standards insofar as those acts apply to the performance of this contract. The contractor shall maintain documentation which demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the City to review upon request.

The contractor agrees that all subcontractors engaged under contracts in excess of \$2,000.00 for construction, renovation or repair work financed in whole or in part with assistance under this contract, shall comply with Federal requirements adopted by the City pertaining to such contracts and with the applicable requirements of the regulations of the Department of Labor, under 29 CFR Parts 1, 3, 5 and 7 governing the payment of wages and ratio of apprentices and trainees to journey workers; provided, that if the wage rates higher than those required under the regulations are imposed by state or local law, nothing hereunder is intended to relieve the contractor of its obligation, if any, to require payment of the higher wage. The contractor shall cause or require to be inserted in full, in all such contracts subject to such regulations, provisions meeting the requirements of this paragraph.

Additional information regarding Davis-Bacon Wage requirements and certified payroll forms can be found on the United States Department of Labor website:
(<http://www.dol.gov/whd/govcontracts/dbra.htm>)

3. Section 3 Clause

1. Compliance

Compliance with the provisions of Section 3, the regulations set forth in 24 CFR 135, and all applicable rules and orders issued hereunder prior to the execution of this contract, shall be a condition of the Federal financial assistance provided under this contract and binding upon the City, the contractor and any of the contractor's subcontractors. Failure to fulfill these requirements shall subject the City, the contractor and any of the contractor's subcontractors, their successors and assigns, to those sanctions specified by the Agreement through which Federal assistance is provided. The contractor certifies and agrees that no contractual or other disability exists which would prevent compliance with these requirements.

The contractor further agrees to comply with these Section 3 requirements and to include the following language in all subcontracts executed under this Agreement: "The work to be performed under this contract is a project assisted under a program providing direct Federal financial assistance from HUD and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 USC 1701. Section 3 requires that "to the greatest extent feasible opportunities for training and employment be given to low-income residents of the project area and contracts for work in connection with the project be awarded to business concerns that provide economic opportunities for low-income persons residing in the City of Peoria."

The contractor further agrees to ensure that opportunities for training and employment arising in connection with a public construction project are given to low income person residing within the City of Peoria where the CDBG-funded project is located.

The contractor certifies and agrees that no contractual or other legal incapacity exists which would prevent compliance with these requirements.

2. Notifications

The contractor agrees to send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract of understanding, if any, a notice advising said labor organization or worker's representative of its commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

3. Subcontracts

The contractor will include this Section 3 clause in every subcontract and will take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issues by the City. The contractor will not subcontract with any entity where it has notice or knowledge that the latter has been found in violation of regulations under 24 CFR 135 and will not let any subcontract unless the entity has first provided it with preliminary statement of ability to comply with the requirements of these regulations.

D. Conduct

1. Subcontracts

a. Approvals

The contractor shall not enter into any subcontracts with any agency or individual in the performance of this contract without the written consent of the City prior to the execution of such agreement.

b. Content

The contractor shall cause all of the provisions of this contract in its entirety to be included in and made a part of any subcontract executed in the performance of this Agreement.

c. Selection Process

The contractor shall undertake to insure that all subcontracts let in the performance of this Agreement shall be awarded on a fair and competitive basis. Executed copies of all subcontracts shall be forwarded to the City along with documentation concerning the selection process.

2. Hatch Act

The contractor agrees that no funds provided, nor personnel employed under this contract, shall be in any way or to any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V United States Code.

3. Conflict of Interest

The contractor agrees to abide by the provisions of 24 CFR 570.611 with respect to conflicts of interest, and covenants that it presently has no financial interest and shall not acquire any financial interest, direct or indirect, which would conflict in any manner or degree with the performance of services required under this Agreement.

The contractor further covenants that in the performance of this Agreement no person having such a financial interest shall be employed or retained by the contractor hereunder. These conflict of interest provisions apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the City, or of any designated public agencies or contractors which are receiving funds under the CDBG Entitlement program.

4. Lobbying

The contractor shall certify that:

- a. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of

Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form- LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

- c. It will require that the language of paragraph (d) of this certification be included in the award documents for all subawards at all tiers (including subcontractors) and that all subcontractors shall certify and disclose accordingly; and
- d. Lobbying Certification - Paragraph d
 - a. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

5. Religious Organization

The contractor agrees that funds provided under this contract will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization in accordance with the Federal regulations specified in 24 CFR 570.200(j).

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instruction.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

CONTRACTOR SECTION 3 PLAN FORMAT
(if bids equals or exceeds \$10,000)

_____ (Name of Contractor) agrees to implement the following specific affirmative action steps directed at increasing the utilization of lower income residents and businesses within the City/County of Peoria.

- A. To ascertain from the locality's CDBG program official the exact boundaries of the Section 3 covered project area and where advantageous, seek the assistance of local officials in preparing and implementing the affirmative action plan.
- B. To attempt to recruit from within the city/county the necessary number of lower income residents through: Local advertising media, signs placed at the proposed site for the project, and community organizations and public or private institutions operating within or serving the project area such as Service Employment and Redevelopment (SER), Opportunities Industrialization Center (OIC), Urban League, Concentrated Employment Program, Hometown Plan, or the U.S. Employment Service.
- C. To maintain a list of all lower income residents who have applied either on their own or on referral from any source, and to employ such persons, if otherwise eligible and if a vacancy exists.
- *D. To insert this Section 3 plan in all bid documents, and to require all bidders on subcontracts to submit a Section 3 affirmative action plan including utilization goals and the specific steps planned to accomplish these goals. **Loan, grants contracts and subsidies for less than \$10,000 will be exempt*
- *E. To insure that subcontracts which are typically let on a negotiated rather than a bid basis in areas other than Section 3 covered project areas, are also let on a negotiated basis, whenever feasible, when let in a Section 3 covered project area. **Loan, grants contracts and subsidies for less than \$10,000 will be exempt*

DAVIS BACON ACT ACKNOWLEDGEMENT

The undersigned will be performing work for the City of Peoria. The work will be paid for with funds from the City's CDBG program. The undersigned has been informed that any work paid for entirely or in part with CDBG funds requires compliance with the Davis-Bacon Act, 40USC Section 276a et seq., (the "Act").

The undersigned hereby agrees to comply with the Act and will ensure that all subcontractors performing work shall also comply with all provisions of the Act.

The undersigned hereby acknowledges that the Act, inter alia, requires that he/she and his/her subcontractors pay workers employed directly upon the site of the work no less than the locally prevailing wages and fringe benefits paid on projects of a similar character. Such local prevailing wage rates will be determined by the U.S. Department of Labor.

By execution of this acknowledgment, the undersigned acknowledges that he/she and all subcontractors and suppliers will comply with all requirements of the Act. Additionally, the undersigned shall hold harmless from and indemnify the City of Peoria, its subrecipients and their respective officials, officers, employees, agents, and representatives against all claims, suits, actions, costs, counsel fees, expenses, damages, judgments or decrees, by reason by the undersign's failure or the failure of any subcontractor, suppliers, or any other person employed by the undersigned to comply with the requirements of the Act.

FEDERAL LABOR STANDARDS PROVISIONS

U.S. Department of Housing and Urban Development (HUD)

Applicability

The Project or Program to which the construction work covered by this bid is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

1. (i) Minimum Wages. All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act(29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b) (2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a) (1) (iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a) (4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR Part 5.5(a) (1) (ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met.

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
- (4) As a prerequisite for approval of a helper classification, the helper classification must prevail in the area where the work is performed.

If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administration of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.

(Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1) (b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly case equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, provided, that the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, (HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis—Bacon Act contracts.

3. (i) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates or wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(1) (1) (iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1 (b) (2) (B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but

if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR Part 5.5(a) (3) (i). This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, D.C. 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149).

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be maintained under 29 CFR Part 5.5(a) (3) (i) and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph A.3.(ii)(b) of this section.

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph A.3. (i) of this section available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR Page 5.12.

4. (i) Apprentices and Trainees. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with

a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be

paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

(iv) Helpers. The permissible ratio of helpers to journeymen on a project is up to two helpers for every three journeymen. If the helper classification is specified on a contract wage determination or is approved pursuant to the conformance procedure. To ensure that this ratio does not disrupt existing established local practices in areas where wage determinations have previously contained helper classifications without any limitation on the number permitted, DOL will consider requests for variances from the ratio limitation prior to bid opening on a contract. The variance request will be approved if supported by a showing that the Davis-Bacon wage determination in effect for the type of construction in the area before the effective date of the final helper regulations contained a helper classification, and that there was a practice in the area of utilizing such helpers in excess of the two-to-three ratio on projects to which the Davis-Bacon and Related Acts applied.

5. Compliance with Copeland Act Requirements. The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract.

6. Subcontracts. The contractor or subcontractor will insert in any subcontracts the clauses contained in 29 CFR 5.5(a) (1) through (10) and such other clauses as HUD or its designee may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR Part 5.5.

7. Contracts termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act Requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes

shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (i) Certification of Eligibility. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a) (1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act of 29 CFR or 29 CFR 5.12(a) (1) or to be awarded HUD contracts or participate in HUD program pursuant to 24 CFR Part 24. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1010, Title 18, U.S.C., "Federal Housing Administration transactions," provides in part "Whoever, for the purpose of... influencing in any way the action of such Administration... makes, utters or publishes any statement, knowing the same to be false... shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

11. Complaints, Proceedings, or Testimony by Employees. No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

12. Contract Work Hours and Safety Standards Act. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

(i) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involved the employment of laborers, or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(ii) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in subparagraph (i) of this paragraph, the contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (i) of

this paragraph, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in subparagraph (i) of this paragraph.

(iii) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any monies payable on account or work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (ii) of this paragraph.

(iv) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (i) through (iv) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (i) through (iv) of this paragraph.

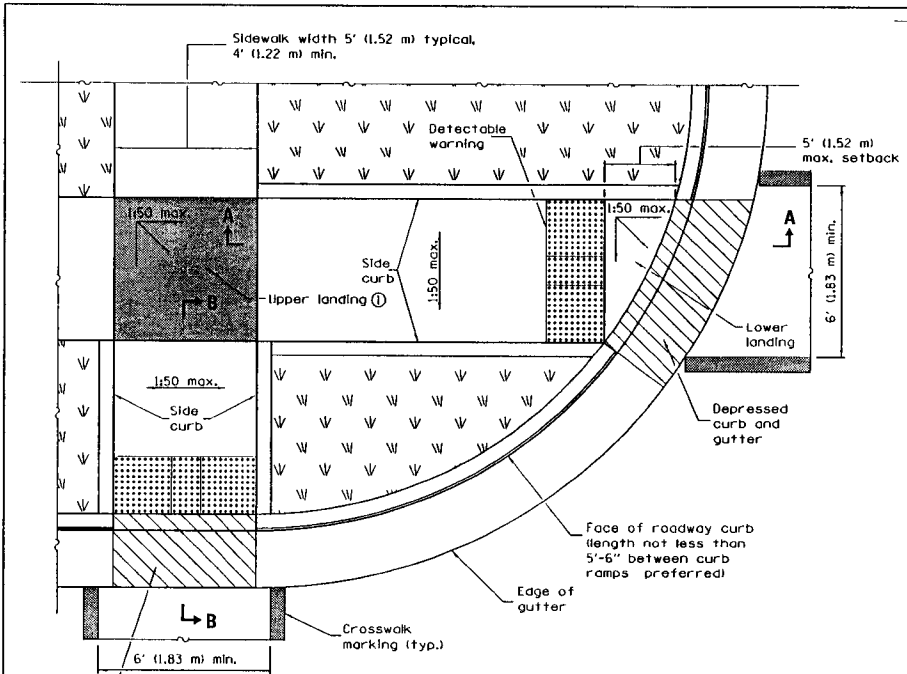

13. Health and Safety.

(i) No laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health and safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation.

(ii) The Contractor shall comply with all regulations issued by the Secretary of Labor pursuant to Title 29 Part 1926 (formerly part 1518) and failure to comply may result in imposition of sanctions pursuant to the Contract Work Hours and Safety Standards Act (Public Law 91-54, 83 Stat.96).

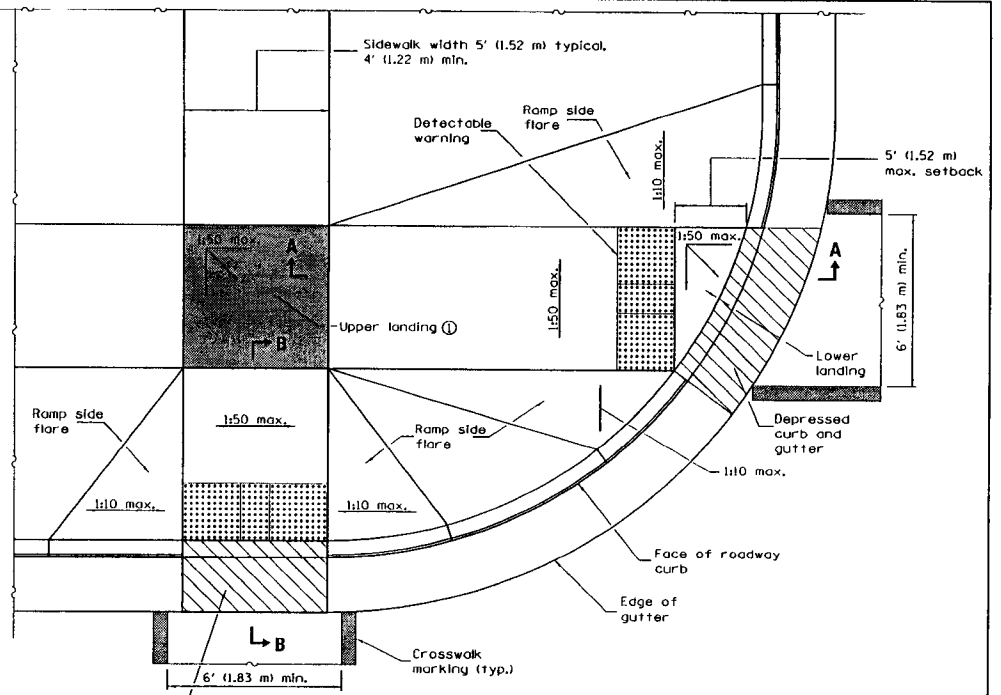

(iii) The Contractor shall include the provisions of this Article in every subcontract so that such provisions will be binding on each subcontractor. The Contractor shall take such action with respect to any subcontract as the Secretary of Housing and Urban Development or the Secretary of Labor shall direct as a means of enforcing such provisions.

GENERAL NOTES

The bottom slope of combination curb and gutter constructed adjacent to pcc pavement shall be the same slope as the subbase or 6% when subbase is omitted.

t = Thickness of pavement.

Longitudinal joint tie bars shall be No. 6 (No. 19) at 24 (600) centers in accordance with details for longitudinal construction joint shown on Standard 420001.

A minimum clearance of 2 (50) between the end of the tie bar and the back of the curb shall be maintained.

The dowel bars shown in contraction joints will only be required for monolithic construction.

All dimensions are in inches (millimeters) unless otherwise shown.

DATE	REVISIONS
1-1-13	Added general note regarding requirement for dowel bars.
1-1-09	Switched units to English (metric).

GENERAL NOTES

This Standard is used where, at any time, pedestrian traffic must be rerouted due to work being performed.

This Standard must be used in conjunction with other Traffic Control & Protection Standards when roadway traffic is affected.

Temporary facilities shall be detectable and accessible.

The temporary pedestrian facilities shall be provided on the same side of the closed facilities whenever possible.

The SIDEWALK CLOSED / USE OTHER SIDE sign shall be placed at the nearest crosswalk or intersection to each end of the closure. Where the closure occurs at a corner, the signs shall be erected on the corners across the street from the closure. The SIDEWALK CLOSED signs shall be used at the ends of the actual closures.

Type III barricades and R11-2-4830 signs shall be positioned as shown in "ROAD CLOSED TO ALL TRAFFIC" detail on Standard 701901.

All dimensions are in inches (millimeters) unless otherwise shown.
