Hold a Public Hearing and forward a recommendation to City Council on the request of Steven Hill, to obtain a Special Use in a Class R-4 (Single-Family Residential) District for a Short Term Rental, for the property located at 2303 W Marquette St (Parcel Identification No. 18-18-255-018), Peoria IL (Council District 1).

Senior Urban Planner, Josh Naven, Community Development Department, read the case into the record and summarized the request.

The Development Review Board recommends approval of the short term rental, subject to the following conditions:

1. Fire extinguishers shall be installed according to the 2018 International Fire Code Chapter 9, Section 906.
2. Interconnected smoke alarms shall be installed according to the 2018 International Fire Code Chapter 9, Section 907.
3. Carbon monoxide detector shall be installed according to the 2018 International Fire Code Chapter 915.2.1
4. Additional dwelling units cannot be added to the site.
5. The residence shall comply with the 2018 International Building & Fire Codes prior to any occupancy. Inspections shall be required to verify compliance.
6. Occupancy of the short term rental shall not exceed the standards set forth in the Building and Fire Code of one (1) guest per bedroom on the main floor.
7. The owner shall obtain and maintain a valid Short Term Rental license from the City of Peoria and the owner shall pay Room Rental Use or Privilege tax to the City of Peoria.
8. An approved Special Use is valid for the Applicant only as identified on the special use application submitted to the Planning & Zoning Commission. An approved Special Use shall become null and void upon any change in ownership of the property which results in the removal of all prior applicants. Such change in ownership of the property will require a new special use application and approval.
9. The driveway from the alley shall be replaced with an all-weather dustless surface such as asphalt or concrete. Appropriate driveway permits shall be obtained

Steven Hill, applicant, asked about the driveway in the front stating that the driveway has not been used as a “driveway” for the past 15-20 years. Neighbor trees and various landscaping would need to be removed to pour a proper driveway.

Josh Naven, staff, noted that the parking he referred to in the condition was in the back, along the alley.

Mr. Hill provided a history of property.

Commissioner Grantham asked if the applicant was willing to beautify the property and eliminate any code violations present such as the peeling paint.

Mr. Hill responded that he would.

Chairperson Pro Tem Ghareeb asked if the applicant has spoken to neighbors.

Mr. Hill has not received any feedback from neighbors.

Senior Urban Planner Naven noted that no public comment was received.
