State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed For the last year I've been trying to expand my network and experiences and become more involved in the Peoria community and what happens in the background to keep the city moving forward. I think serving on a city commission would be a great next step to continue my personal and professional development. I also have enjoyed seeing downtown changing, growing and improving and I'm excited to see what's to come, especially now that I work downtown every day.

Would your service on a city commission be a conflict of interest for you?; No
