State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed I am extremely invested in the mission of juvenile justice reform in Illinois as well as in the community of Peoria. I understand public safety and the needs of our youth in the community. If elected to the board I plan to increase parent engagement with our youth and possibly bring teen court, peace circles and restorative justice programs to Peoria.

Would your service on a city commission be a conflict of interest for you?; No
