State briefly why you wish to be considered for a city volunteer commission and what you would hope to accomplish if appointed
I have the skills, motivation, and positive attitude to make a difference in the progress of Peoria. I have limited but powerful global experience within my organization as well as through my international business module at Bradley to understand the importance of relationships, interactions, and business across the big pond. I am a solid contributor that would bring executive value to the commission.

Would your service on a city commission be a conflict of interest for you?;

No
