:e on completing the budget template

te and submit it with your grant application. Formulas should be live. ses the organization will incur to achieve the grant. See documentation Id have a budget note describing the basis for estimating the proposed low for additional cost detail. The framework of the template should nc otals and subtotals, especially if you added lines or edited any of the for by your organization for administering grant funds. Keep things simple legulations Part 200 for how to incorporate a budget item. ems should not be included in this budget template.

inks are included for your reference:

Description and Other Notes

Compensation for personal services includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance, including but not necessarily limited to wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in § 200.431. Costs of compensation are allowable to the extent that they satisfy the specific requirements of this part, and that the total compensation for individual employees:

(1) Is reasonable for the services rendered and conforms to the established written policy of the organization consistently applied to both Federal and non-Federal activities;

(2) Follows an appointment made in accordance with an organization's laws and/or rules or written policies and meets the requirements of Federal statute, where applicable; and

(3) Is determined and supported as provided in paragraph (i) of this section, when applicable. (ie. allowable)

Personnel pertains to all employees that receive a W-2 from the organization. Add names or roles to work on grant. Include a description of activity for each role. Open positions can be labeled as "TBD." Personnel must be providing direct services for the program.

Fringe Benefits include all required taxes as well as any health benefits, retirement paid by the organization. This number should be based on historicals or refer to your accountant to calculate the percentage. A fringe rate is a percentage calculated by total fringe benefits divided by gross salary (W2 wages).

Direct costs are incurred for the purpose of achieving a project/objective for a program and cannot be tied to another project/objective.

Travel is for staff to travel locally and is based on an actual calculation of miles and a reimbursable mileage rate. Use your organizations travel policy for budgeting purposes. The GSA has perdiem and accommodation guidance for budgeting reference (see below). Actual costs incurred will be reimbursed (not budgeted values).

Equipment reflects the purchase of items in excess of \$5,000 per item with a useful life greater than 1 year. Typically not used for operating programs. Equipment <u>will need prior approval</u> and would need to be inventoried. Disposition instructions would be sought at the conclusion of the grant. Supplies may include program-related supplies such as items needed to administer an afterschool program as well as office supplies. Materials & supplies are not equipment.

Contractual includes all partners (ie. organizations) and consultants (ie. individuals) paid with grant dollars. All contractors (organizations and individuals) would complete a W-9 form and receive a 1099 for each calendar year when work was preformed. For consultants, there should be a breakdown of the hourly rate and time using the "Contractual Calculations" tab. A consultant rate will be considered reasonable if it is consistent with that paid for similar work and/or supported for like services in the market. For partner organizations an assessment of costs for reasonableness and the 6 categories in this budget should be presented in the narrative.

Activities conducted with grant funds and not included elsewhere in the budget. Examples include, evaluations, research, surveys, trainings, meetings, media, programs, etc. Costs are subject to 2 CFR 200 Subpart E Cost Principles.

Other may include other <u>direct expenses</u> not captured in the other lines such as postage, printing, memberships, subscriptions, communications and professional development. Must provide a detailed breakdown of the items.

Direct charge administrative expenses. The proposed cost should be presented consistently with similar work and have a reasonable allocation rationale described in the budget notes. Please add additional lines in the adminstrative costs section if needed. This section includes staff time outside of direct client services. Check your totals!
