I. Duties of the Consultant

The Consultant hereby agrees to design and administer a promotional examination for the positions of Fire Battalion Chief. A. Job Analysis

- (1) The Consultant will conduct a Job Analysis for this position by meeting with fire department staff to review job duties and essential characteristics of the position.
- (2) The Consultant will conduct personal interviews with a sample (4 to 8) of position incumbents and their immediate supervisors for each position to review the basic parameters of their duties and responsibilities.
- (3) The Consultant will prepare and administer to a representative number of position incumbents and their immediate supervisors a Job Analysis Questionnaire designed to identify critical tasks performed by persons in this position and the skills, abilities and knowledge required for successful performance of the duties and responsibilities of the position.

B. Examination Plan

- (1) The Consultant will submit an examination plan which will contain recommendations concerning the content of the written examination as well as the skills and abilities to be measured in the assessment center. The recommended source documents to be used in constructing the written examination will also be identified in the examination plan. The examination plan will also contain a description of the methodology to be employed in the administration of the assessment center as well as a description of the subject matter to be contained in the exercises to be contained in the assessment center.
- (2) Upon receipt of the City's review and approval of the examination plan, the Consultant will submit to the City a recommended reading list containing the source materials to be used in preparing the written examinations for the Battalion Chief position.

D. Assessment Center

- (1) In preparing and administering the assessment center for the Fire Battalion Chief position, the Consultant will perform the following tasks:

 - b. The Consultant will submit all draft materials for review by a designated Subject Matter Expert from the fire department. This is necessary to further ensure that the exercise materials are relevant and appropriate for the position and the department.
 - c. The Consultant will be responsible for selecting persons to serve as assessors. These will be persons with substantial experience and training in fire supervision and management and

who meet the criteria established by the City in the referenced Request for Proposal. In addition, the panel will reflect a suitable balance of representation by gender and ethnicity.

d. Prior to the assessment center, the Consultant will provide the assessors with detailed information regarding the position as well as copies of all exercise materials and candidate scoring procedures. The Consultant will also conduct an orientation and training session for the assessors to provide them with more in-depth information about the procedures to be employed in evaluating and scoring the candidates. Assessors will also be provided with background information concerning the organization, staffing and operations of the Peoria Fire Department. This training session will be recorded on videotape, according to the provisions of the Invitation to Propose.
