BACKGROUND:

UPDATE: Subsequent to the community meeting on March 2, the applicant provided additional data related to the number of vehicles washed at their other facilities. The raw data provided is attached to this communication.

The petitioner, Justin Barnes of Club Carwash Operating LLC, on behalf of Joseph Real Properties LLC, requests a Special Use for a car wash to redevelop the subject property.

The Planning and Zoning Commission found that the request met the Findings of Fact and voted 4-2 to approve the request with the following conditions:

1. Part of the existing sidewalk is outside the public right-of-way at the intersection. The owner shall either dedicate right-of-way to the City or record a permanent easement for the sidewalk.
2. Replace deteriorated and non-ADA-compliant sidewalks and curbs along property frontage.
3. Driveways shall be constructed in accordance with current City Standards including concrete thickness, apron dimensions and slopes.
4. Accessible parking spaces shall be signed with an R7-8 sign and an R7-101 \$350 fine plate.
5. A continuous hedge, tall grasses, or mix thereof shall be installed to line the south side of the drive aisle between the car wash building and Glen Avenue.

6. Stormwater Management is required in accordance with the City's Erosion, Sediment and Stormwater Control Ordinance at the time of plan approval.
7. Provide an easement for any storm sewer that carries water from an offsite location. The storm sewer shall be privately owned, and the easement shall require maintenance of the storm sewer to be the responsibility of the property owner.
